**NOTE:** It is important to connect with each youth, help them develop plans for the future, and maintain contact. However, on occasion youth abruptly leave the premises without assistance, counseling or guidance. Reconnection with the youth or news of his/her whereabouts may emerge at a later date. If this is within a "reasonable" period of time (according to the judgment of the BCP), updating or correcting the data in NEORHYMIS is strongly encouraged to change the "unknown" exit situation to the actual situation. The technical support hotline provides guidance on how to accomplish this task before or after semi- annual data transfer at 1-888-749-6474.
