The proposed Section 3 Business Self-Certification pilot program will increase the capacity of covered agencies to comply with the requirements of Section 3, and is anticipated to result in numerous economic opportunities for low-income persons and the businesses that substantially employ them. Title of Proposal: Section 3 Business Self-Certification Application.

Office: Fair Housing and Equal Opportunity.

OMB Control Number: 2529-.

Description of the need for the information and proposed use: The information collected from the Section 3 Business Self-Certification Application will allow HUD and recipients of covered HUD funding to identify Section 3 Businesses within their communities. The overriding purpose of this information collection is to ensure that contracting opportunities are provided to Section 3 businesses in fulfillment of the regulatory requirements set forth at 24 CFR Part 135, and to increase the capacity of covered agencies to comply with the requirements of Section 3. HUD will use the information to identify firms that self-certify that they meet the regulatory definition of a Section 3 Business. The information collected from the Section 3 Business Self-Certification Application will be posted in a registry of Section 3

Businesses which will be posted on HUD's webpage. Agencies that receive covered HUD funding in the five pilot locations will be encouraged to notify the Section 3 Businesses contained in HUD's registry about the availability of covered contracting opportunities.

Agency form numbers, if applicable:

Members of affected public:

Businesses that are either owned by, or substantially employ, low- or very low-income persons; low-income persons; developers; members of the general public; Public Housing Agencies; and State and local governments.

It is estimated that each application will take approximately 30 minutes to complete for a total of 10,000 hours.

Status of the proposed information collection: New information collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act (44 U.S.C. 3501-3521), require that interested members of the public and affected agencies be provided an opportunity to comment on information collection and recordkeeping activities (*see* 5 CFR 1320.8(d) and 1320.12(a)). This notice identifies information collections that are contained in 43 CFR part 4700.

The following information is provided for the information collection:

Title: Land Use Application and Permit (43 CFR Part 2920).

Forms: Form 2920-1, Land Use Application and Permit.

OMB Control Number: 1004-0009.

Abstract: Section 302 of the Federal Land Policy and Management Act of 1976 (FLPMA) (43 U.S.C. 1732) and regulations at 43 CFR part 2920

authorize the issuance of leases, permits, and easements for the use, occupancy, or development of public lands administered by the BLM. Respondents may be individuals, large or small private entities, or State and local governments. They may use Form 2910-1 to apply for leases, permits, or easements, and the BLM uses the information collected on Form 2920-1 to determine whether or not to grant the applications.

Various land uses may be authorized under FLPMA Section 302 and 43 CFR part 2920. Examples may include commercial filming, advertising displays, commercial or noncommercial croplands, apiaries, livestock holding or feeding areas not related to grazing permits and leases, harvesting of native or introduced species, temporary or permanent facilities for commercial purposes (other than mining claims), ski resorts, construction equipment storage sites, assembly yards, oil rig stacking sites, mining claim occupancy if the residential structures are not incidental to the mining operation, and water pipelines and well pumps related to irrigation and non-irrigation facilities.

Frequency of Collection: On occasion.
Estimated Number and Description of Respondents: 407 responses annually: 66 from individuals, 45 from State and local governments, 286 typical responses from the private sector, and 10 complex responses from the private sector.

Estimated Reporting and Recordkeeping "Hour" Burden: The estimated annual reporting burden for this collection is 1,597 hours: 66 hours for individuals, 45 hours for State and local governments, 286 hours for typical responses from the private sector, and 1,200 hours for complex responses from the private sector.

The burdens for complex responses from the private sector reflect the uses sought in those applications, which may involve substantial construction, development, or land improvements. Typical responses from the private sector, as well as responses from individuals and State and local governments, seek authorization for uses involving few or no land improvements, construction, investment, or alteration of public lands.

60-Day Notice: As required by 5 CFR 1320.8(d), the BLM published the 60-day notice in the **Federal Register** on August 3, 2010 (75 FR 45649), soliciting comments from the public and other interested parties. 2. The accuracy of the BLM's estimate of the burden of collecting the information, including the validity of the methodology and assumptions used;
3. The quality, utility and clarity of the information to be collected; and
4. How to minimize the information collection burden on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

Please send comments to the addresses listed under **ADDRESSES**. Please refer to OMB control number 1004-0009 in your correspondence.
