Questionnaire Script

BLS has been asked to produce measures of employment in U.S. industries that produce green goods and services. Before we can do this, we need to better understand how businesses track information regarding their variety of services or projects. The questions I will ask you today will help BLS collect the most accurate and reliable data possible.

Before we begin, let me assure you that the purpose of this call is strictly for informational and statistical purposes. The information you provide will help BLS better understand business record-keeping and will aid in designing a new survey. Your participation is completely voluntary and you can decline to answer any question at any time. Information related to this study is confidential and will not be released to the public in any way that would allow identification of individuals or establishments except as prescribed under the conditions of the Privacy Act Notice. This interview is approved by the Office of Management and Budget, number 1220-0181, which expires on September 30, 2010.

2. Are you familiar with the concept of NAICS, which is the North American Industry Classification System?
 - YES
 - NO → Briefly, the North American Industry Classification System (NAICS) was developed and is used by the US, Canada, and Mexico. NAICS is the standard in classifying business establishments based on their production process for the collection, tabulation, presentation, and analysis of data describing the North American economy. Use of the standard provides uniformity and comparability in the presentation of these statistical data.

3. Please look at the list of major activities at the end of the letter. This list reflects the NAICS code that BLS has assigned to your worksite (READ WORKSITE NAME AND ADDRESS) listed on the same sheet. Does this list provide an accurate description of your **primary** business activity at that worksite? If you do not have the list, I can read these items for you. (IT MIGHT BE ON THE BACK SIDE – IF RESPONDENT DOESN'T HAVE LETTER READ OFF ACTIVITIES TO THEM).
