Dear Employer:

The Bureau of Labor Statistics (BLS) of the U.S. Department of Labor needs your help. We need to hear from businesses like yours as we measure employment involved in the production of green goods and services. We need to hear from every company, even if your company is not involved in producing green goods or services, to get an accurate picture of the economy.

Green goods and services are defined as those that benefit the environment or conserve natural resources. Examples are listed on the following pages.

We are requesting that you participate by responding to the attached survey. Please complete and return the survey **within 7 days** of receipt.

Your business may have more than one location, and each location may be involved in a different activity. Please respond for the activities performed at the individual worksite identified in Question 1 of the survey.

If you have any questions please contact Kristin Fairman or Robert Viégas at 202-691-5185 or GGS@bls.gov.

Thank you for your participation.

Sincerely yours,

atucia Most

Patricia M. Getz Assistant Commissioner Office of Industry Employment Statistics, Office of Employment and Unemployment Statistics

Confidentiality Statement. The Bureau of Labor Statistics, its employees, agents, and partner statistical agencies, will use the information you provide for statistical purposes only and will hold the information in confidence to the full extent permitted by law. In accordance with the Confidential Information Protection and Statistical Efficiency Act of 2002 (Title 5 of Public Law 107-347) and other applicable Federal laws, your responses will not be disclosed in identifiable form without your informed consent.
