Subpart C—Training Schools with Approved Courses

§ 10.301 Applicability.

This subpart prescribes the general requirements applicable to all approved courses which may be accepted in lieu of service experience or examination required by the Coast Guard, or which satisfy course completion requirements.

§ 10.302 Course approval.

(a) The Coast Guard approves courses satisfying regulatory requirements and those that substitute for a Coast Guard examination or a portion of a sea service requirement. The owner or operator of a training school desiring to have a course approved by the Coast Guard shall submit a written request to the

§ 10.302

46 CFR Ch. I (10-1-04 Edition)

Commanding Officer, National Maritime Center, NMC-4B, 4200 Wilson Boulevard, Suite 630, Arlington, VA 22203-1804, that contains:

(1) A list of the curriculum including a description of and the number of classroom hours required in each subject;

(2) A description of the facility and equipment;

(3) A list of instructors including the experience, background, and the qualifications of each; and

(4) Specify the Coast Guard training requirements the course is intended to satisfy.

(b) The Coast Guard notifies each applicant in writing whether or not an approval is granted. If a request for approval is denied, the Coast Guard informs the applicant the reasons for the denial and describes what corrections are required for an approval.

(c) Unless sooner surrendered, suspended or withdrawn, an approval for a course at a training school that meets Coast Guard standards expires 24 months after the month in which it is issued, when the school closes, when the school gives notice that it will no longer offer the course, or on the date of any change in the ownership of the school for which it was issued, whichever occurs first.

(d) If the owner or operator of a training school desires to have a course approval renewed, they shall submit a written request to the address listed in paragraph (a) of this section. For the request to be approved, the Coast Guard must be satisfied that the content and quality of instruction remain satisfactory. Unless sooner surrendered, suspended or withdrawn, a renewal of the approval expires 60 months after the month it is issued, when the school closes, when the school gives notice that it will no longer offer the course, or on the date of any change in ownership of the school for which it is issued, whichever occurs first.

(e) *Suspension of approval.* If the Coast Guard determines that a specific course does not comply with the provisions of 46 CFR parts 10, 12, 13 or 15, or the requirements specified in the course approval; or substantially deviates from the course curriculum pack-

age as submitted for approval; or if the course is being presented in a manner that is insufficient to achieve learning objectives; the cognizant OCMI may suspend the approval, may require the holder to surrender the certificate of approval, if any, and may direct the holder to cease claiming the course is Coast Guard approved. The Cognizant OCMI will notify the approval holder in writing of its intention to suspend the approval and the reasons for suspension. If the approval holder fails to correct the reasons for suspension, the course will be suspended and the matter referred to the Commanding Officer, National Maritime Center. The Commanding Officer, National Maritime Center, will notify the approval holder that the specific course fails to meet applicable requirements, and explain how those deficiencies can be corrected. The Commanding Officer, National Maritime Center, may grant the approval holder up to 60 days in which to correct the deficiencies.

(f) *Withdrawal of approval.* (1) The Commanding Officer, National Maritime Center, may withdraw approval for any course when the approval holder fails to correct the deficiency(ies) of a suspended course within a time period allowed under paragraph (e) of this section.

(2) The Commanding Officer, National Maritime Center, may withdraw approval of any or all courses by an approval holder upon a determination that the approval holder has demonstrated a pattern or history of:

(i) Failing to comply with the applicable regulations or the requirements of course approvals;

(ii) Substantial deviations from their approved course curricula; or

(iii) Presenting courses in a manner that is insufficient to achieve learning objectives.

(g) *Appeals of suspension or withdrawal of approval.* Anyone directly affected by a decision to suspend or withdraw an approval may appeal the decision to the Commandant via the Commanding

§ 10.303 General standards.

Each school with an approved course must:

(a) Have a well maintained facility that accommodates the students in a safe and comfortable environment conducive to learning.

(b) Have visual aids for realism, including simulators where appropriate, which are modern and well maintained and sufficient for the number of students to be accommodated.

(c) Give appropriate written or practical examinations in the course material to each student of such a degree of difficulty that a student who successfully completes them could reasonably assume that he or she would pass, on the first attempt, an examination prepared by the Coast Guard based upon knowledge requirements of the position or endorsement for which the student is being trained.

(d) Keep for at least one year after the end of each student's enrollment:

(1) Each written examination, or in the case of a practical test, a report of such test; and

(2) A record of each student's classroom attendance.

(e) Not change its approved curriculum unless approved, in writing, after the request for change has been submitted in writing to the Commanding Officer, National Maritime Center (NMC-4B).

(f) At any time the Officer in Charge, Marine Inspection directs, allow the Coast Guard to:

(1) Inspect its facilities, equipment, and records, including scholastic records;

(2) Conduct interviews and surveys of students to aid in course evaluation and improvement;

(3) Assign personnel to observe or participate in the course of instruction; and

(4) Supervise or administer the required examinations or practical demonstrations.

§ 10.304 Substitution of training for required service, use of training-record books, and use of towing officer assessment records.

(a) Satisfactory completion of certain training courses approved by the Commandant may be substituted for a portion of the required service for many deck and engineer licenses and for qualified ratings of unlicensed personnel. The list of all currently approved courses of instruction including the equivalent service and applicable licenses and ratings is maintained by Commanding Officer, National Maritime Center, NMC-4B. Satisfactory completion of an approved training course may be substituted for not more than two-thirds of the required service on deck or in the engine department for deck or engineer licenses, respectively, and for qualified ratings.

(b) Service time gained at an approved training course does not satisfy recent service requirements nor does training on a simulator; however, any underway service at an approved course may be used for this purpose. An applicant who had met the recent service requirement before entering school will not be penalized by attending the approved training course.

(c) Training obtained prior to receiving a license may not be used for subsequent raises of grade.

(d) Simulator training in combination with a Coast Guard approved training course may be submitted to the Commanding Officer, National Maritime Center, for evaluation and determination of equivalency to required sea service. Simulator training cannot be substituted for recency requirements, but may substitute for a maximum of 25 percent of the required service for any license transaction.

(e) Except as provided in §10.202, when a candidate both applies for an STCW certificate or endorsement as an officer in charge of a navigational
