## Supporting Statement for Paperwork Reduction Act Submissions

**OMB Control Number: 1660 – NEW**

**Title: FEMA Preparedness Grants: Trucking Security Program  
(TSP)**

**Form Number(s): FEMA Form# 089-7**

### General Instructions

A Supporting Statement, including the text of the notice to the public required by 5 CFR 1320.5(a)(i)(iv) and its actual or estimated date of publication in the Federal Register, must accompany each request for approval of a collection of information. The Supporting Statement must be prepared in the format described below, and must contain the information specified in Section A below. If an item is not applicable, provide a brief explanation. When Item 17 or the OMB Form 83-I is checked “Yes”, Section B of the Supporting Statement must be completed. OMB reserves the right to require the submission of additional information with respect to any request for approval.

### Specific Instructions

#### A. Justification

**1. Explain the circumstances that make the collection of information necessary. Identify any legal or administrative requirements that necessitate the collection. Attach a copy of the appropriate section of each statute and regulation mandating or authorizing the collection of information. Provide a detailed description of the nature and source of the information to be collected.**

The Trucking Security Program (TSP) is authorized by the Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009, Public Law 110-329. TSP grant program focuses on the purchase and installation or enhancement of equipment and systems related to tractor and trailer tracking systems. TSP funding will be used to monitor, collect, and analyze tracking information; and develop plans to improve the effectiveness of transportation and distribution of supplies and commodities during catastrophic events.

TSP is an important part of the Administration’s larger, coordinated effort to strengthen homeland security preparedness, including the security of America’s critical infrastructure. TSP implements objectives addressed in a series of post-9/11 laws, strategy documents, plans, Executive Orders, and Homeland Security Presidential Directives. Of particular significance

are the National Preparedness Guidelines and its associated work products, including the National Infrastructure Protection Plan and its transportation sector-specific plans and Executive Order 13416, “Strengthening Surface Transportation Security”. The National Preparedness Guidelines are an all-hazards vision regarding the Nation’s four core preparedness objectives: prevent, protect against, respond to, and recover from terrorist attacks and catastrophic natural disasters.

**2. Indicate how, by whom, and for what purpose the information is to be used. Except for a new collection, indicate the actual use the agency has made of the information received from the current collection. Provide a detailed description of: how the information will be shared, if applicable, and for what programmatic purpose.**

**FEMA Form 089-7, TSP Investment Justification Template** - This document provides narrative detail on proposed investments. The Investment Justifications must demonstrate how proposed projects address gaps and deficiencies in current programs and capabilities and the ability to provide enhancements consistent with the purpose of the program and guidance provided by FEMA.

**FEMA Form 024-0-1, Environmental and Historic Preservation (EHP) Environmental Screening Form (ESF)** - The Environmental and Historic Preservation Environmental Screening Form is a paper form used by FEMA’s Grant Programs Directorate (GPD) and is utilized when following the requirements for grant packages that utilize this instrument. This form should be attached to all project information sent to GPD for an Environmental and Historic Preservation (EHP) regulatory compliance review. This collection activity is currently in the OMB process for approval under ICR Reference No. 201003-1660-007.

**Current Security Plan and Security Assessment** – Each person who offers transportation in commerce or transports in commerce hazardous materials must develop and adhere to a Security Plan for hazardous materials. The current security assessment includes an assessment of possible transportation security risks listed in the security plan and appropriate measures to address the assessed risks. The security assessment must have been completed on/after June 2008 and are maintained by the grantee. These security planning regulations are issued by the U.S. Department of Transportation (DOT), Pipeline and Hazardous Materials Safety Administration (PHMSA). The Security Plan and Security Assessment used in this collection are controlled under the U.S. Department of Transportation (DOT) OMB Number 2137-0612 and expire on June 30, 2011.

**MCS-150 or MCS 150B Form** – Motor Carrier Identification Report and/or Combined Motor Carrier Identification Report and Hazardous Materials Permit Application used to obtain a U.S. Department of Transportation (DOT) Number. These forms have received clearance from OMB under the U.S. Department of Transportation (DOT) OMB Number 2126-0013 and it expires on March 31, 2011.

**Federal Motor Carrier Safety Administration (FMCSA) Hazardous Materials Safety Permit** – This permit is issued by the Federal Motor Carrier Safety Administration after successful completion of the MCS-150 form described above. Obtaining a copy of this permit will allow FEMA to certify that the trucking companies applying for funding are authorized to

transport hazardous materials. The MCS forms listed above are completed to obtain this permit and have received clearance from OMB. The U.S. Department of Transportation (DOT) OMB Number is 2126-0013 and it expires on March 31, 2011.

**Semiannual Progress Report, (formerly known as the Categorical Assistance Progress Report (CAPR))** – The Semiannual Progress Report provides programmatic information on the use of grant funding. The Report should also address performance measures and the activities identified in the Investment Justifications as necessary. In addition, the information provided in the reports will be used by the grantor agency to monitor grantee cash flow to ensure proper use of Federal funds. The reports are due within 30 days after the end of the reporting period (July 30 for the Reporting period of January 1 through June 30; and January 30 for the reporting period of July 1 through December 31). The Semiannual Progress Report is part of the U.S. Department of Justice (DOJ), Office for Justice Program (OJP) Grant Management System (GMS). OJP has received clearance from OMB for this collection activity under OJP OMB Number 1121-0243 which expires on August 31, 2012.

**3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden.**

The Investment Justification (IJ) is completed in Microsoft Word. However, grant applicants must submit their IJ as an attachment when applying for the TSP via [www.grants.gov](http://www.grants.gov). Eligible applicants must apply for funding through this portal accessible on the internet.

**4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

This information is not collected in any form, and therefore is not duplicated elsewhere.

**5. If the collection of information impacts small businesses or other small entities (Item 5 of OMB Form 83-I), describe any methods used to minimize.**

This information collection does not have an impact on small businesses or other small entities.

**6. Describe the consequence to Federal/FEMA program or policy activities if the collection of information is not conducted, or is conducted less frequently as well as any technical or legal obstacles to reducing burden.**

If FEMA could not request and obtain this information, FEMA could not exercise comprehensive financial and programmatic management and ensure the efficient and effective use of Federal funds. If FEMA was not able to receive information collected from grant recipients, the agency could not fulfill monitoring and oversight requirements.

**7. Explain any special circumstances that would cause an information collection to be conducted in a manner:**

**(a) Requiring respondents to report information to the agency more often than quarterly.**

No data collection elements are required more often than quarterly. Most collection elements are only required once per year per grant application.

**(b) Requiring respondents to prepare a written response to a collection of information in fewer than 30 days after receipt of it.**

There are no requirements for respondents to prepare a written response to this collection of information in fewer than 30 days after receipt of it.

**(c) Requiring respondents to submit more than an original and two copies of any document.**

There are no requirements for a respondent to submit more than an original and two copies of any document.

**(d) Requiring respondents to retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years.**

Records must be retained for three years. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the three-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular three-year period.

**(e) In connection with a statistical survey, that is not designed to produce valid and reliable results that can be generalized to the universe of study.**

There is no statistical survey involved with this data collection.

**(f) Requiring the use of a statistical data classification that has not been reviewed and approved by OMB.**

There is no use for statistical data classification in this data collection.

**(g) That includes a pledge of confidentiality that is not supported by authority established in statute or regulation, that is not supported by disclosure and data security policies that are consistent with the pledge, or which unnecessarily impedes sharing of data with other agencies for compatible confidential use.**

There is no pledge of confidentiality that is not supported by authority established in statute or regulation for this data collection.

**(h) Requiring respondents to submit proprietary trade secret, or other confidential information unless the agency can demonstrate that it has instituted procedures to protect the information's confidentiality to the extent permitted by law.**

There are no requirements for respondents to submit proprietary trade secret, or other confidential information for this data collection.

## **8. Federal Register Notice:**

**a. Provide a copy and identify the date and page number of publication in the Federal Register of the agency's notice soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the agency in response to these comments. Specifically address comments received on cost and hour burden.**

A 60-day Federal Register Notice inviting public comments was published on September 21, 2009, Volume 74, Number 181, pp. 48091. No comments were received were received. See attached copy of the published notice included in this package.

A 30-day Federal Register Notice inviting public comments was published on February 24, 2010, Vol. 75, Number 36, pp. 8385. No comments were received. See attached copy of the published notice included in this package.

**b. Describe efforts to consult with persons outside the agency to obtain their views on the availability of data, frequency of collection, the clarity of instructions and recordkeeping, disclosure, or reporting format (if any), and on the data elements to be recorded, disclosed, or reported.**

FEMA meets with both the American Trucking Association (ATA) and the National Association of Small Trucking Companies national associations that represent these entities, as well as individual grantees, through regular program-specific conferences and workshops. Additionally, teleconferences and e-mail communications are also used. These consultations focus on the nature of information needed by FEMA to manage the grant programs.

**c. Describe consultations with representatives of those from whom information is to be obtained or those who must compile records. Consultation should occur at least once every three years, even if the collection of information activities is the same as in prior periods. There may be circumstances that may preclude consultation in a specific situation. These circumstances should be explained.**

FEMA consults on a regular basis with its private sector stakeholders on a variety of issues. These consultations involve discussions regarding the nature of the information needed by FEMA to manage the grant programs. Partners offer comments and suggestions about their reporting practices.

**9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.**

FEMA does not provide payments or gifts to respondents in exchange for a benefit sought.

**10. Describe any assurance of confidentiality provided to respondents. Present the basis for the assurance in statute, regulation, or agency policy.**

A Privacy Threshold Analysis (PTA) was completed for this collection by the FEMA Privacy Office for review. A Privacy Impact Assessment (PIA) was approved by DHS on July 14, 2009. A System of Records Notice (SORN) was published on August 7, 2009, (Volume 74, Number 151, Pages 39705-39708).

**11. Provide additional justification for any question of a sensitive nature (such as sexual behavior and attitudes, religious beliefs and other matters that are commonly considered private). This justification should include the reasons why the agency considers the questions necessary, the specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.**

There are no questions of sensitive nature.

**12. Provide estimates of the hour burden of the collection of information. The statement should:**

**a. Indicate the number of respondents, frequency of response, annual hour burden, and an explanation of how the burden was estimated for each collection instrument (separately list each instrument and describe information as requested). Unless directed to do so, agencies should not conduct special surveys to obtain information on which to base hour burden estimates. Consultation with a sample (fewer than 10) of potential respondents is desired. If the hour burden on respondents is expected to vary widely because of differences in activity, size, or complexity, show the range of estimated hour burden, and explain the reasons for the variance. Generally, estimates should not include burden hours for customary and usual business practices.**

The Trucking Security Program (TSP) is primarily focused on the purchase and installation or enhancement of equipment and systems related to tractor and trailer tracking systems. Additionally, the TSP will provide funding to develop a system for DHS to monitor, collect, and analyze tracking information; and develop plans to improve the effectiveness of transportation and distribution of supplies and commodities during catastrophic events. The burden estimated to collect the necessary information has estimated to be 125 total annual burden hours.

**b. If this request for approval covers more than one form, provide separate hour burden estimates for each form and aggregate the hour burdens in Item 13 of OMB Form 83-I.**

**c. Provide an estimate of annualized cost to respondents for the hour burdens for collections of information, identifying and using appropriate wage rate categories. The**

cost to the respondents of contracting out or paying outside parties for information collection activities should not be included here. Instead this cost should be included in Item 13.

Trucking Security Program Burden Estimates

Table A.12: Estimated Annualized Burden Hours and Costs

Type of Respondent	Form Name / Form Number	No. of Respondents	No. of Responses per Respondent	Avg. Burden per Response (in hours)	Total Annual Burden (in hours)	Avg. Hourly Wage Rate*	Total Annual Respondent Cost
Business or other for-profit	TSP Investment Justification Template / FEMA Form 089-7	25	1	5 hrs.	125	\$26.60	\$3,325.00
<b>Total</b>		<b>25</b>			<b>125</b>		<b>\$3,325.00</b>

\* Note: The "Avg. Hourly Wage Rate" for each respondent includes a 1.4 multiplier to reflect a fully-loaded wage rate.

According to the U.S. Department of Labor, Bureau of Labor Statistics Website ([www.bls.gov](http://www.bls.gov)) the wage rate category for Specialized Trucking is estimated to be \$26.60 per hour. Therefore, the estimated total burden hour cost to Specialized Trucking is estimated to \$3,325.00 annually.

The Standard Forms listed in the table below are used in FEMA administration of grant programs collections of information. These burden estimates are captured under the OMB government-wide collections of information for Standard Forms (SF). Other data collection activities approved by OMB are also identified in the table below.

Type of Respondent	Form Name / Form Number	No. of Respondents	No. of Responses per Respondent	Total Number of Responses	Avg. Burden per Response (in hours)	Total Annual Burden (in hours)	Avg. Hourly Wage Rate (\$)	Total Annual Respondent Cost (\$)
<b>Standard Forms</b>								
Business or other for profit	Application for Federal Assistance / SF 424	25	1	25	0.75	19	\$26.60	\$498.75
Business or other for profit	Budget Information - Non-Construction Programs / SF 424A	25	1	25	3	75	\$26.60	\$1,995.00

Business or other for profit	Assurances - Non-Construction Programs / SF 424B	25	1	25	0.25	6	\$26.60	\$166.25
Business or other for profit	Disclosure of Lobbying Activities / SF LLL	25	1	25	0.167	4	\$26.60	\$111.06
Business or other for profit	Direct Deposit Sign-Up Form / SF 1199A	25	1	25	0.167	4	\$26.60	\$111.06
Business or other for profit	Federal Financial Report / SF 425	25	4	100	1.5	150	\$26.60	\$3,990.00
Business or other for profit	Financial Status Report / Standard Form 269	123	4	492	0.5	246	\$26.60	\$6,543.60
<b>Total</b>				<b>717</b>		<b>504</b>		<b>\$13,415.72</b>

**Other Departments/  
Agencies Data Collection Activities**

Business or other for profit	MCS-150 or MCS 150B Forms / DOT OMB Number 2126-0013	25	1	25				
Business or other for profit	Current Security Plan and Security Assessment / DOT OMB Number 2137-0612	25	1	25				
Business or other for profit	Federal Motor Carrier Safety Administration (FMCSA) / DOT OMB Number 2126-0013	25	1	25				
Business or other for profit	EHP - Environmental Screening Form / FEMA Form 024-0-1; FEMA OMB Number 1660-XXXX	25	1	25				

Business or other for profit	Semiannual Progress Report, formerly known as the Categorical Assistance Progress Report (CAPR) / OJP OMB Number 1121-0243	25	1	25				
<b>Total</b>				<b>125</b>				

**13. Provide an estimate of the total annual cost burden to respondents or recordkeepers resulting from the collection of information. The cost of purchasing or contracting out information collection services should be a part of this cost burden estimate. (Do not include the cost of any hour burden shown in Items 12 and 14.)**

The cost estimates should be split into two components:

**a. Operation and Maintenance and purchase of services component. These estimates should take into account cost associated with generating, maintaining, and disclosing or providing information. Include descriptions of methods used to estimate major cost factors including system and technology acquisition, expected useful life of capital equipment, the discount rate(s), and the time period over which costs will be incurred.**

**b. Capital and Start-up-Cost should include, among other items, preparations for collecting information such as purchasing computers and software, monitoring sampling, drilling and testing equipment, and record storage facilities.**

There are no record keeping, capital, start-up or maintenance costs associated with this information collection.

**14. Provide estimates of annualized cost to the federal government. Also, provide a description of the method used to estimate cost, which should include quantification of hours, operational expenses (such as equipment, overhead, printing and support staff), and any other expense that would have been incurred without this collection of information. You may also aggregate cost estimates for Items 12, 13, and 14 in a single table.**

The total cost to FEMA is \$451,973.40. Approximately 5 staff members with an estimated grade level of GS-13 review and analyze the information collected by the TSP.

## Annual Cost to the Federal Government

Item	Cost (\$)
Contract Costs There is one contract that supports this effort: The Grant Operations Support Contract. This contract supports the development of the programs & provide guidance/assistance to grantees, collect & review information, and the cost for this contract is: <b>Grant Operations Support: \$86,880.00</b>	\$86,880.00
*Staff Salaries [ 5 GS-13, step 1 employees spending approximately 60% of time annually for this administrative and financial data collection] $5 \times \$86,927.00 = \$434,635.00 \times 1.4 = \$608,489.00 \times .60 = \$365,093.40$	\$365,093.40
Facilities [cost for renting, overhead, etc. for data collection activity]	
Computer Hardware and Software [cost of equipment annual lifecycle]	
Equipment Maintenance [cost of annual maintenance/service agreements for equipment]	
Travel	
Printing [number of data collection instruments annually]	
Postage [annual number of data collection instruments x postage]	
Other	
<b>Total</b>	<b>\$451,973.40</b>

\* Note: The "Avg. Hourly Wage Rate" for each respondent includes a 1.4 multiplier to reflect a fully-loaded wage rate.

**15. Explain the reasons for any program changes or adjustments reported in Items 13 or 14 of the OMB Form 83-I in a narrative form. Present the itemized changes in hour burden and cost burden according to program changes or adjustments in Table 5. Denote a program increase as a positive number, and a program decrease as a negative number.**

A "**Program increase**" is an additional burden resulting from an federal government regulatory action or directive. (e.g., an increase in sample size or coverage, amount of information, reporting frequency, or expanded use of an existing form). This also includes previously in-use and unapproved information collections discovered during the ICB process, or during the fiscal year, which will be in use during the next fiscal year.

A "**Program decrease**", is a reduction in burden because of: (1) the discontinuation of an information collection; or (2) a change in an existing information collection by a Federal agency (e.g., the use of sampling (or smaller samples), a decrease in the amount of information requested (fewer questions), or a decrease in reporting frequency).

"**Adjustment**" denotes a change in burden hours due to factors over which the government has no control, such as population growth, or in factors which do not affect what information the government collects or changes in the methods used to estimate burden or correction of errors in burden estimates.

Itemized Changes in Annual Burden Hours						
Data collection Activity/Instrument	Program Change (hours currently on OMB Inventory)	Program Change (New)	Difference	Adjustment (hours currently on OMB Inventory)	Adjustment (New)	Difference
TSP Investment Justification Template, FEMA Form 089-7	0	125	+125			
<b>Total(s)</b>	<b>0</b>	<b>125</b>	<b>+125</b>			

*Explain:* This is a new collection that was not previously on the OMB inventory. Therefore, the burden hours are positive program changes.

<b>Itemized Changes in Annual Cost Burden</b>						
<b>Data collection Activity/Instrument</b>	<b>Program Change (hours currently on OMB Inventory)</b>	<b>Program Change (New)</b>	<b>Difference</b>	<b>Adjustment (hours currently on OMB Inventory)</b>	<b>Adjustment (New)</b>	<b>Difference</b>
TSP Investment Justification Template, FEMA Form 089-7	0	\$3,325.00	+\$3,325.00			
<b>Total(s)</b>	<b>0</b>	<b>\$3,325.00</b>	<b>+\$3,325.00</b>			

*Explain:* This collection has not previously been approved for use by OMB and there was no previous Annual Cost Burden.

**16. For collections of information whose results will be published, outline plans for tabulation and publication. Address any complex analytical techniques that will be used. Provide the time schedule for the entire project, including beginning and ending dates of the collection of information, completion of report, publication dates, and other actions.**

FEMA does not intend to employ the use of statistics or the publication thereof for this information collection.

**17. If seeking approval not to display the expiration date for OMB approval of the information collection, explain reasons that display would be inappropriate.**

FEMA will display the expiration date for OMB approval of this information collection.

**18. Explain each exception to the certification statement identified in Item 19 “Certification for Paperwork Reduction Act Submissions,” of OMB Form 83-I.**

FEMA does not request an exception to the certification of this information collection.

**B. Collections of Information Employing Statistical Methods.**

There is no statistical methodology involved in this collection.
