SPECIFIC QUESTIONS

1. **Describe the project and its purpose:**

   FEMA's State Homeland Security Grant Program (SHSP) Tribal provides supplemental funding to directly eligible tribes to help strengthen their communities against risks associated with potential terrorist attacks. Peers with subject matter experts in the area of tribal matters and homeland security will review and score grant applications from eligible tribes based on the anticipated effectiveness of proposed investments.

   > Date last updated: August 1, 2009

   > FEMA is seeking Office of Management & Budget (OMB) clearance for SHSP Tribal.

3. **Could the project relate in any way to an individual?[1]**

   ☐ No. Please skip ahead to the next question.

Individuals may walk past the camera and images of those individuals may be recorded. Projects could also relate to individuals in more subtle ways. For example, a project that is focused on detecting radioactivity levels may be sensitive enough to detect whether an individual received chemotherapy.
