

Instructions For CCC-505

VOLUNTARY PERMANENT DIRECT AND COUNTER-CYCLICAL PROGRAM (DCP) BASE ACRES REDUCTION

Producers use this form to PERMANENTLY reduce all or a portion of their Direct and Counter-Cyclical Program (DCP) base acreage.? This form is generally used to permanently reduce base acreage in order that producers may do one of the following:

- ? increase fruit, vegetable, or wild rice planting flexibility
- ? devote what was considered base acreage to nonagriculture use
- ? prevent DCP contract violations
- ? enroll cropland in Conservation Reserve Program (CRP).

Submit the original of the completed form to the appropriate USDA servicing office.

Customers who have established electronic access credentials with USDA may electronically transmit this form to the USDA servicing office, provided that the customer submitting the form is the only person required to sign the transaction.

Features for transmitting the form electronically are available to those customers with access credentials only.? If you would like to establish online access credentials with USDA, follow the instructions provided at the USDA eForms web site.
