In this study, we are asking about your organization's experience as a 2010 Census partner. We will ask about your organization's contacts with the Census, why you became a partner, what you did to help the Census and what being a partner was like for your organization.

Your responses will be kept confidential. All answers will be pooled into aggregate measures for all reporting purposes, and no individual person or organization will be identified. Public reporting burden for this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Respondents are not required to respond to any information collection unless it displays a valid approval number from the Office of Management and Budget.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: Paperwork Project 0607-0760, U.S. Census Bureau, 4600 Silver Hill Road, Room 3K138, Washington, DC 20233.
