The U.S. Census Bureau has contracted with Avar Consulting, Inc., to obtain the views of governments that registered for the 2010 Decennial Census Local Update of Census Addresses (LUCA) Program via a voluntary online survey. Your assistance in answering the survey questions about your government's experience with the LUCA Program will help the Census Bureau make improvements to similar programs in the future. Avar Consulting will report the final results of the survey in the form of a summary. Please take a few minutes to have the person most knowledgeable about the LUCA Program answer the survey questions. Census Bureau records indicate that the following person was your government's LUCA liaison:
