3. Competitive Special Policy and Environmental Change Initiative

CDC received applications to implement one or more high-impact policy, environmental, and system change strategies to eliminate health disparities and achieve health equity related to these individual risk factors or a combination of them. Thirteen states were funded, the award amounts range from \$1,022,792 to \$3,000,000 per state.

Total funding amount: **\$30,078,163**

Colorado - \$1,198,785

Advance a comprehensive statewide youth access policy; increase statewide awareness of the health implications of excess dietary sodium; reduce consumption of sugar-sweetened beverages; and develop and implement model food policies for schools statewide.

Delaware - \$1,022,792

Educate leaders and decision-makers about the benefits of increasing the price on other tobacco products such as cigars and smokeless tobacco to equal the price on cigarettes.

Florida - \$1,977,060

Increase physical activity in all 592 Florida middle schools using the evidence-based physical activity program, Sports, Play and Active Recreation for Kids (SPARK).

Massachusetts - \$1,200,000

Increase restrictions on retail and outdoor advertising by 1) including cigars in outdoor advertising ban within 1000 ft of schools, parks, and playgrounds; 2) including all tobacco products in advertising restrictions; and 3) requiring a health message for every tobacco message in a retail store.

Michigan - \$1,500,000

Reduce exposure to second-hand smoke, including partnering with Native Americans.

Minnesota - \$2,391,627

Implement a statewide initiative to increase access to foods meeting dietary guidelines and the new Institute of Medicine (IOM) 2009 recommendations for healthy school meals for use in school meal planning and purchasing across the state; and increase school nutrition professionals' core competencies through the development of a sustainable, statewide system for ongoing skill-based staff training for 100% of Minnesota's public school districts.

Mississippi - \$2,989,999

Engage in a 2-year campaign that results in passage and implementation of a comprehensive, statewide smoke-free air policy.

New York - \$3,000,000

Menu Labeling - \$2,456,073

Educate leaders and decision-makers about, and promote the effective implementation of, a statewide menu-labeling (calorie posting) requirement on menus and menu boards of chain restaurants.

Trans Fat - \$283,996

Educate leaders and decision-makers about, and promote the effective implementation of, a ban on the sale of items containing trans fat.

Sugar-Sweetened Beverages - \$259,931

Reduce consumption of sugar-sweetened beverages.

North Carolina - \$3,000,000

Conduct a state-level policy analysis and develop a process to promote physical activity through land use and transportation planning.

Oregon - \$3,000,000

Integrate tobacco control into other health department programs and include a counter-advertising campaign targeted to vulnerable Oregonians; support a policy proposal to increase tobacco price.

Rhode Island - \$3,000,000

Develop a model for integrating active living into all local planning decisions through a state-wide policy change.

Texas - \$2,797,900

Promote and support breastfeeding statewide.

Wisconsin - \$3,000,000

Pilot changes in schools and childcare settings across the state and use evaluation results and successes to educate statewide legislative action and achieve state-level policy change in schools and childcare settings to promote physical activity and prevent childhood obesity.
