

DEPARTMENT OF THE INTERIOR**Fish and Wildlife Service**

[FWS–R9–MB–2010–N264; 1200–1232–0000–P2]

Information Collection Sent to the Office of Management and Budget (OMB) for Approval; OMB Control Number 1018–0022; Federal Fish and Wildlife Permit Applications and Reports—Migratory Birds and Eagles**AGENCY:** Fish and Wildlife Service, Interior.**ACTION:** Notice; request for comments.

SUMMARY: We (U.S. Fish and Wildlife Service) have sent an Information Collection Request (ICR) to OMB for review and approval. We summarize the ICR below and describe the nature of the collection and the estimated burden and cost. This information collection is scheduled to expire on November 30, 2010. We may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. However, under OMB regulations, we may continue to conduct or sponsor this information collection while it is pending at OMB.

DATES: You must submit comments on or before December 29, 2010.

ADDRESSES: Send your comments and suggestions on this information collection to the Desk Officer for the Department of the Interior at OMB-OIRA at (202) 395–5806 (fax) or OIRA_DOCKET@OMB.eop.gov (e-mail). Please provide a copy of your comments to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 222–ARLSQ, 4401 North Fairfax Drive, Arlington, VA 22203 (mail), or infocol@fws.gov (e-mail).

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Susan Lawrence, Division of Migratory Bird Management, U.S. Fish and Wildlife Service, MS MBSP–4107, 4501 North Fairfax Drive, Arlington, VA 22203 (mail); Susan_M_Lawrence@fws.gov (e-mail); or 703–358–2016 (telephone).

SUPPLEMENTARY INFORMATION:

OMB Control Number: 1018–0022.

Title: Federal Fish and Wildlife License/Permit Applications and Reports, Migratory Birds and Eagles, 50 CFR 10, 13, 21, and 22.

Service Form Numbers: 3–200–6 through 3–200–18, 3–200–67, 3–200–68, 3–200–71, 3–200–72, 3–200–77, 3–200–78, 3–200–79, 3–200–81, 3–200–82, 3–202–1 through 3–202–17, 3–186, and 3–186A.

Type of Request: Revision of a currently approved collection.

Description of Respondents: Individuals; zoological parks; museums; universities; scientists; taxidermists; businesses; and Federal, State, tribal, and local governments.

Respondent's Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion for applications; annually or on occasion for reports.

Number of Respondents: 57,260.

Estimated Number of Annual Responses: 57,260.

Completion Time per Response: Varies from 15 minutes to 40 hours depending on activity.

Estimated Total Annual Burden Hours: 93,402.

Estimated Annual Nonhour Burden Cost: \$1,049,925 for fees associated with permit applications.

Abstract: Our Regional Migratory Bird Permit Offices use information that we collect on permit applications to determine the eligibility of applicants for permits requested in accordance with the criteria in various Federal wildlife conservation laws and international treaties, including:

- (1) Migratory Bird Treaty Act (16 U.S.C. 703 *et seq.*).
- (2) Lacey Act (16 U.S.C. 3371 *et seq.*).
- (3) Bald and Golden Eagle Protection Act (16 U.S.C. 668).

Service regulations implementing these statutes and treaties are in Chapter I, Subchapter B of Title 50 Code of Federal Regulations (CFR). These regulations stipulate general and specific requirements that, when met, allow us to issue permits to authorize activities that are otherwise prohibited.

All Service permit applications are in the 3–200 series of forms, each tailored to a specific activity based on the requirements for specific types of permits. We collect standard identifier information for all permits. The information that we collect on applications and reports is the minimum necessary for us to determine if the applicant meets/continues to meet issuance requirements for the particular activity. This revised ICR includes modifications to the format and content of the currently approved applications so that they (a) are easier to understand and complete and (b) will accommodate future electronic permitting.

This ICR includes four permit application and report forms that are currently approved under OMB Control Number 1018–0136. Once OMB takes action on this IC, we will discontinue OMB Control No. 1018–0136.

- FWS Form 3–200–71 (Eagle Take (Disturb)).

- FWS Form 3–200–72 (Eagle Nest Take).

- FWS Form 3–202–15 (Eagle Take Monitoring and Annual Report).

- FWS Form 3–202–16 (Eagle Nest Take Monitoring and Reporting).

In addition, we are proposing three new forms:

- FWS Form 3–200–81 (Special Purpose—Utility) will provide an application specifically tailored for utilities (e.g., power, communications) to request permits to salvage migratory birds on their property and rights-of-way.

- FWS Form 3–200–82 (Eagle Transport Into and Out of the United States) will provide an application for permits under the Bald and Golden Eagle Protection Act to transport dead eagle specimens into and out of the country temporarily for scientific or exhibition purposes, such as for museum exhibits.

- FWS Form 3–202–17 (Special Purpose—Utility Annual Report) will provide a standardized annual report form for Special Purpose—Utility permits.

Comments: On April 7, 2010, we published in the **Federal Register** (75 FR 17757) a notice of our intent to request that OMB renew approval for this information collection. In that notice, we solicited comments for 60 days, ending on June 7, 2010. We did not receive any comments.

We again invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our estimate of the burden for this collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

Dated: November 23, 2010.

Hope Grey,

*Information Collection Clearance Officer,
Fish and Wildlife Service.*

Endangered and Threatened Wildlife and Plants; Draft Revised Recovery Plan for the Northern Spotted Owl (*Strix occidentalis caurina*); Reopening of Public Comment Period

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of document availability; reopening of comment period.

SUMMARY: We, the U.S. Fish and Wildlife Service, recently announced the availability of the Draft Revised Recovery Plan for the Northern Spotted Owl (*Strix occidentalis caurina*) for public review and comment. See **SUPPLEMENTARY INFORMATION** for details. We now reopen the comment period. If you have previously submitted comments, please do not resubmit them, because we have already incorporated them in the public record and will fully consider them in developing our final recovery plan.

DATES: To ensure consideration, please send your written comments by December 15, 2010.

ADDRESSES: Electronic copies of the draft revised recovery plan are available online at: http://ecos.fws.gov/docs/recovery_plan/100915.pdf and <http://www.fws.gov/oregonfwo/Species/Data/NorthernSpottedOwl/Recovery/>. Printed copies of the draft revised recovery plan are available by request from the Field Supervisor, U.S. Fish and Wildlife Service, Oregon Fish and Wildlife Office, 2600 SE. 98th Avenue, Ste. 100, Portland, OR 97266 (phone: 503/231-6179). Written comments regarding this recovery plan, or requests for copies of the plan, should be addressed to the above Portland address or sent by e-mail to: NSORPCComments@fws.gov.

FOR FURTHER INFORMATION CONTACT: Brendan White or (for draft copies of population response model output) Diana Acosta, Fish and Wildlife Biologists, at the above address and phone number.

SUPPLEMENTARY INFORMATION: On September 15, 2010, we published a **Federal Register** notice (75 FR 56131)

announcing the availability of the Draft Revised Recovery Plan for the Northern Spotted Owl (*Strix occidentalis caurina*) for public review and comment under the Endangered Species Act (16 U.S.C. 1531 *et seq.*). We originally opened this comment period for 60 days, from September 15, 2010, to November 15, 2010. We are re-opening the public comment period until December 15, 2010, in response to several requests for additional time to review and comment on the draft revised recovery plan.

For background information on the draft revised recovery plan, see our September 15, 2010, notice. As stated in that notice, we particularly seek comments concerning portions of the draft revised recovery plan that have been updated from the 2008 recovery plan. Appendix C of the draft revised recovery plan described stages 1 and 2 of our ongoing three-stage spotted owl modeling effort. Since its release we have continued this effort, initiating population response modeling using the individual-based population program HexSim. Though still at preliminary draft stage, population response simulations from this portion of the modeling process are available for public review by request from our office. These simulations do not estimate what will occur in the future, but provide comparative information on potential population responses to different conservation scenarios as described in the draft revised recovery plan.

Public Availability of Comments

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority

The authority for this action is section 4(f) of the Endangered Species Act, 16 U.S.C. 1533(f).

Dated: November 15, 2010.

Richard R. Hannan,

Acting Regional Director, Region 1, U.S. Fish and Wildlife Service.

Laguna Atascosa National Wildlife Refuge, Cameron and Willacy Counties, TX; Final Comprehensive Conservation Plan and Finding of No Significant Impact for Environmental Assessment

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the availability of our final comprehensive conservation plan (CCP) and finding of no significant impact (FONSI) for the environmental assessment (EA) for the Laguna Atascosa National Wildlife Refuge (NWR). In this final CCP, we describe how we will manage this refuge for the next 15 years.

ADDRESSES: You may view or obtain copies of the final CCP and FONSI/EA by any of the following methods. You may request a hard copy or CD-ROM.

Agency Web Site: Download a copy of the document(s) at <http://www.fws.gov/southwest/refuges/Plan/index.html>.

E-mail: mark_sprick@fws.gov. Include "Laguna Atascosa final CCP" in the subject line of the message.

Mail: Mark Sprick, AICP, Natural Resource Planner, U.S. Fish and Wildlife Service, Division of Planning, P.O. Box 1306, Albuquerque, NM 87103-1306.

In-Person Viewing or Pickup: Call 505-248-7411 to make an appointment during regular business hours at 500 Gold Avenue, SW., Albuquerque, NM 87102.

FOR FURTHER INFORMATION CONTACT:

Sonny Perez, Refuge Manager, Laguna Atascosa NWR, 22817 Ocelot Road, Los Fresnos, TX 78566; by phone, 956-748-3607; or by e-mail, sonny_perez@fws.gov.

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we finalize the CCP process for the Laguna Atascosa NWR. We started this process through a notice in the **Federal Register** July 19, 2004 (69 FR 43010).

Laguna Atascosa NWR is located in Cameron and Willacy Counties, Texas, and encompasses 97,007 acres of brush lands, coastal prairies, freshwater and brackish pothole wetlands, estuarine wetlands, lomas (clay ridges), wind tidal flats, and barrier island beaches and
