Other changes**

The number of respondents was incorrectly estimated with USCIS's last submission. DOS receives 40,000, and USCIS receives 2,000 submissions annually. Also, in the last submission USCIS did not calculate the $500 Fraud Prevention Fee in the annual cost. This OMB 83-C corrects those oversights. Also attached is a justification for minor edits to the form.

Justification for Change

The changes to the instructions and form are necessary to implement the requirements of Public Law 111-230 which requires an additional payment of $2,250 for certain L petitions if:

1. The petitioner employs 50 or more individuals in the United States;
2. More than 50% of those employees are in H-1B or L nonimmigrant status; and
3. The petition is filed before October 1, 2014.

Without the changes to the form and instructions USCIS would not be able to determine who would have to pay the additional fee. Since most of the submissions for this information collection is submitted to the Department of State (DOS), the DOS has a vested interest in OMB approval of this form and instructions.
