Based on the information you have given us you may be eligible for assistance from one or more of the programs listed. Please read each program description for additional information.

Program	Description
Transitional Sheltering Assistance Program (TSA)	<p>You and your household have been referred to the Transitional Sheltering Assistance Program (TSA) so your case can be reviewed for assistance during your temporary hotel stay. FEMA, in conjunction with State and local officials, will determine the eligible start date for this assistance, and it may cover part or all of your hotel stay. The eligibility period for TSA is from 01/01/2007 to 01/03/2007. Please locate a hotel that is participating in the Corporate Lodging Consultants (CLC) Emergency Lodging Assistance Program (ELA).</p> <p>This assistance will provide 1 hotel room per every 4 household members.</p> <p>Please be aware that Household members cannot apply to receive this assistance separately. Although you have been referred to this program, if another member of the Household is determined to be the Head of Household, you will not be eligible for Hotel Assistance. This program is for 1 member of each household and the appropriate number of hotel rooms will be provided according to the number of members in each household. It is important to note that each hotel room must be in the name of someone identified on the FEMA registration.</p> <p>If eligibility for the TSA program is confirmed for your household, your assistance will expire at the end of the eligibility period outlined by the program or once your home becomes habitable, whichever comes first.</p> <p>If you need assistance locating a participating hotel after your Registration is complete, call FEMA helpline at (800) 621-3362 and a representative will be able to assist you with this information.</p> <p>You are being referred to FEMA's Individuals and Households Program (IHP) for possible assistance.</p>

Please read it carefully; this pamphlet should answer most of your questions and provide additional information about other programs that may be able to assist in your recovery efforts.

A FEMA inspector will contact you within 10 - 14 days of registration to verify your disaster related damages. It is very important that you or another adult member of the household (18 years or older) be present so the inspection can be performed. You will be asked to sign a statement confirming your citizenship status and may need the following information for the inspector:

- \* proof that you were occupying the home at the time of the disaster (such as a utility bill)
- \* your home ownership papers or lease agreement if you are a renter and
- \* your insurance policies

If you have applied using the SSN of a dependent child in your household you must provide copies of the documents(s) that state the child is a United States citizen, non-citizen national, or qualified alien.

Within 10-days following your FEMA inspection you will be notified by mail of your eligibility. If you are found eligible a check or electronic funds transfer will arrive separately.

**SBA Home & Personal Property Loan**  
 Because FEMA assistance is limited to emergency home repairs and rent, we are unable to assist with all home repairs, personal property damages, vehicle damage, or moving and storage expenses. We will send a copy of your application to the disaster low interest loan program administered by the Small Business Administration (SBA).

The SBA will mail a Home-Personal Property Disaster Loan application to you. Please complete it and return it to them as soon as possible so they can determine if you qualify for a low interest loan to cover your losses. If the SBA does not offer you a loan, your application will be referred back to the Individuals and Households Program (IHP) for possible grant assistance. You will receive a pamphlet titled "Help After a Disaster, Applicant's Guide to the Individuals and Households Program". Please read it carefully; this pamphlet should answer most of your questions and provide additional information about other programs that may be able to assist in your recovery efforts.

**Individuals and Households Program (IHP)/Other miscellaneous)**  
 You are being referred to FEMA's Individual and Households Program. They may help you with your medical, dental, funeral, or other miscellaneous expenses.

You will receive a pamphlet titled "Help After a Disaster, Applicant's Guide to the Individuals and Households Program". This program guide will help you understand the assistance provided by FEMA and the state. Please read it carefully; this pamphlet should answer most of your questions and provide additional information about other programs that may be able to assist in your recovery efforts.

**SBA Business Loan**  
 Because FEMA assistance is limited to housing assistance for Primary Residences, we are unable to assist with Business or Rental Property. We will send a copy of your application to the low interest loan program administered by the Small Business Administration (SBA).

The SBA will mail a Business Disaster Loan application to you. Please complete it and return it to them as soon as possible so that they can start working on your case. FEMA recommends businesses located within the 100-year floodplain to contact their local permitting officials to secure a permit prior to construction or repair. The local permitting office can give the details on the process.

Program	Description
<b>Transitional Sheltering Assistance Program (TSA)</b>	<p>You and your household have been referred to the Transitional Sheltering Assistance Program (TSA) so your case can be reviewed for assistance during your temporary hotel stay. FEMA, in conjunction with State and local officials, will determine the eligible start date for this assistance, and it may cover part or all of your hotel stay. The eligibility period for TSA is from 01/01/2007 to 01/03/2007. Please locate a hotel that is participating in the Corporate Lodging Consultants (CLC) Emergency Lodging Assistance Program (ELA).</p> <p>This assistance will provide 1 hotel room per every 4 household members.</p> <p>Please be aware that Household members cannot apply to receive this assistance separately. Although you have been referred to this program, if another member of the Household is determined to be the Head of Household, you will not be eligible for Hotel Assistance. This program is for 1 member of each household and the appropriate number of hotel rooms will be provided according to the number of members in each household. It is important to note that each hotel room must be in the name of someone identified on the FEMA registration.</p> <p>If eligibility for the TSA program is confirmed for your household, your assistance will expire at the end of the eligibility period outlined by the program or once your home becomes habitable, whichever comes first.</p> <p>If you need assistance locating a participating hotel after your Registration is complete, call FEMA helpline at (800) 621-3362 and a representative will be able to assist you with this information.</p> <p>You are being referred to FEMA's Individuals and Households Program (IHP) for possible assistance.</p>

Please be aware that Household members cannot apply to receive this assistance separately. Although you have been referred to this program, if another member of the Household is determined to be the Head of Household, you will not be eligible for Hotel Assistance. This program is for 1 member of each household and the appropriate number of hotel rooms will be provided according to the number of members in each household. It is important to note that each hotel room must be in the name of someone identified on the FEMA registration.

If eligibility for the TSA program is confirmed for your household, your assistance will expire at the end of the eligibility period outlined by the program or once your home becomes habitable, whichever comes first.

If you need assistance locating a participating hotel after your Registration is complete, call FEMA helpline at (800) 621-3362 and a representative will be able to assist you with this information.

You are being referred to FEMA's Individuals and Households Program (IHP) for possible assistance.

**Individuals & Households Program**

You will receive a pamphlet titled, "Help After a Disaster, Applicant's Guide to the Individuals and Households Program". Please read it carefully; this pamphlet should answer most of your questions and provide additional information about other programs that may be able to assist in your recovery efforts.

A FEMA inspector will contact you within 10 - 14 days of registration to verify your disaster related damages. It is very important that you or another adult member of the household (18 years or older) be present so the inspection can be performed. You will be asked to sign a statement confirming your citizenship status and may need the following information for the inspector:

- proof that you were occupying the home at the time of the disaster (such as a utility bill)
- your home ownership papers or lease agreement if you are a renter and
- your insurance policies

If you have applied using the SSN of a dependent child in your household you must provide copies of the documents(s) that state the child is a United States citizen, non-citizen national, or qualified alien.

Within 10-days following your FEMA inspection you will be notified by mail of your eligibility. If you are found eligible a check or electronic funds transfer will arrive separately.

**SBA Business Loan**

Because FEMA assistance is limited to housing assistance for Primary Residences, we are unable to assist with Business or Rental Property. We will send a copy of your application to the low interest loan program administered by the Small Business Administration (SBA).

The SBA will mail a Business Disaster Loan application to you. Please complete it and return it to them as soon as possible so that they can start working on your case. FEMA recommends businesses located within the 100-year floodplain to contact their local permitting officials to secure a permit prior to construction or repair. The local permitting office can give the details on the process.
