

Supporting Statement

1. CIRCUMSTANCES NECESSITATING COLLECTION OF INFORMATION

Section 45H(f)(1) provides that no credit for the production of low sulfur diesel fuel under § 45H shall be allowed unless, not later than the date which is 30 months after the first day of the first taxable year in which the low sulfur diesel fuel production credit is determined with respect to a facility, the small business refiner obtains certification from the Secretary, after consultation with the Administrator of the Environmental Protection Agency, that the taxpayer's qualified costs with respect to the facility will result in compliance with the applicable EPA regulations. Under § 45H(c)(3), "applicable EPA regulations" means the Highway Diesel Fuel Sulfur Control Requirements of the Environmental Protection Agency. Section 45H(f)(3) provides that any application shall be reviewed and notice of certification, if applicable, shall be made within 60 days of receipt of the application.

The collection of information in the revenue procedure involves the written application to the Internal Revenue Service, which allows taxpayers to claim the § 45H tax credit.

2. USE OF DATA

The information is required so that a taxpayer who is a small business refiner may claim the § 45H credit.

3. USE OF IMPROVED INFORMATION TECHNOLOGY TO REDUCE BURDEN

IRS Publications, Regulations, Notices and Letters are to be electronically enabled on an as practicable basis in accordance with the IRS Reform and Restructuring Act of 1998.

4. EFFORTS TO IDENTIFY DUPLICATION

We have attempted to eliminate duplication within the agency wherever possible.

5. METHODS TO MINIMIZE BURDEN ON SMALL BUSINESSES OR OTHER SMALL ENTITIES

Not applicable.

6. CONSEQUENCES OF LESS FREQUENT COLLECTION ON FEDERAL PROGRAMS OR POLICY ACTIVITIES

Not applicable.

7. SPECIAL CIRCUMSTANCES REQUIRING DATA COLLECTION TO BE INCONSISTENT WITH GUIDELINES IN 5 CFR 1320.5(d)(2)

Not applicable.

8. CONSULTATION WITH INDIVIDUALS OUTSIDE OF THE AGENCY ON AVAILABILITY OF DATA, FREQUENCY OF COLLECTION, CLARITY OF INSTRUCTIONS AND FORMS, AND DATA ELEMENTS

Period meetings are held between IRS personnel and representatives of various professional groups to discuss tax law and tax forms. During these meetings, there is an opportunity for those attending to make comments regarding the collection requirements under this notice.

In response to the Federal Register Notice dated July 22, 2010 (75 F. R. 42826), we received no comments during the comment period regarding Rev. Proc. 2007-69.

9. EXPLANATION OF DECISION TO PROVIDE ANY PAYMENT OR GIFT TO RESPONDENTS

Not applicable.

10. ASSURANCE OF CONFIDENTIALITY OF RESPONSES

Generally, tax returns and tax return information are confidential as required by 26 U.S.C. 6103.

11. JUSTIFICATION OF SENSITIVE QUESTIONS

Not applicable.

12. ESTIMATED BURDEN OF INFORMATION COLLECTION

We estimate that there are 50 small business refiners that will be eligible for the § 45H credit. We estimate that it will take an average of 1.5 hours (between 1 and 2 hours) for each taxpayer to comply with the certification requirement in the revenue procedure for a total burden estimated to be 75 hours.

Estimates of the annualized cost to respondents for the hour burdens associated with the information collection are not available at this time.

13. ESTIMATED TOTAL ANNUAL COST BURDEN TO RESPONDENTS

As suggested by OMB, our Federal Register notice dated July 22, 2010 (75 F. R. 42826), requested public comments on estimates of cost burden that are not captured in the estimates of burden hours, i.e., estimates of capital or startup-up costs and costs of operation, maintenance, we did not receive any responses from taxpayers on this subject. As a result, estimates of these cost burdens are not available at this time.

14. ESTIMATED ANNUALIZED COST TO THE FEDERAL GOVERNMENT

Not applicable.

15. REASONS FOR CHANGE IN BURDEN

There is no change in the burden hours previously approved by OMB. We are making this submission to renew the information collection.

16. PLANS FOR TABULATION, STATISTICAL ANALYSIS AND PUBLICATION

Not applicable.

17. REASONS WHY DISPLAYING THE OMB EXPIRATION DATE IS INAPPROPRIATE

We believe that displaying the OMB expiration date is inappropriate because it could cause confusion by leading taxpayers to believe that the revenue procedure sunsets as of the expiration date. Taxpayers are not likely to be aware that the Service intends to request renewal of OMB approval and obtain a new expiration date before the old one expires.

18. EXCEPTIONS TO THE CERTIFICATION STATEMENT ON OMB FORM 83-I

Not applicable.

Note: The following paragraph applies to all of the collections of information in this submission:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.
