Form I-130

OMB No. 1615-0012

A. JUSTIFICATION

1. Section 204 of the Immigration and Nationality Act (INA), allows a citizen or lawful permanent resident of the United States to petition on behalf of certain alien relatives who wish to immigrate to the United States. 8 CFR 204.1(a)(1) provides for the use of the Form I-130 by petitioners to establish their relationship to certain alien relatives.
2. The data collected on Form I-130 will be used by U.S. Citizenship and Immigration Services (USCIS) to determine eligibility for the requested immigration benefit. The form serves the purpose of standardizing requests for benefits and ensuring that basic information required assessing eligibility is provided by applicants.
3. The use of the Form I-130 provides the most efficient means of collecting and processing the information needed to determine eligibility for individuals seeking to establish a familial relationship. USCIS does not currently have the automated capability in place to accept electronic submission of the Form I-130 petitions. However, this form has been designated for electronic submission under the Business Transformation Project.

4. A review of the USCIS Forms Inventory Report revealed no duplication of effort, and there is no other similar information currently available that can be used for this purpose.
5. The collection of information does not have an impact on small businesses or other small entities.
6. If this information is not collected, it would hinder USCIS' ability to accept and analyze information submitted by petitioners for certain alien relatives. Overall, not collecting this information would render USCIS' process for immigration ineffective.
7. There are no special circumstances associated with this information collection.
8. On August 26, 2010, USCIS published a 60-day notice in the Federal Register at 75 FR 52540. On November 23, 2010, USCIS published a 30-day notice in the Federal Register at 75 FR 71451. USCIS did not receive any comments for this information collection.
9. USCIS does not provide payments or gifts to respondents in exchange for a benefit sought.
10. The Privacy Act of 1974 (Public Law 93-589) mandates that personal information solicited from individuals completing Federal records and forms shall be kept confidential. The respondent is informed prior to submission that USCIS may provide this information to other agencies.
11. There are questions of a sensitive nature such as requiring evidence demonstrating the bona fides of a familial relationship. However, this information is required in

order for a citizen or lawful permanent resident of the United States to petition on behalf of certain alien relatives under section 204 of the INA.

Any cost burdens to respondents as a result of this collection are identified in question 14. However, there is a fee charge of \$420 associated with the filing of this information collection.

Total Cost to Program	\$ 290,018,400
Fee Charge, if any	\$ 290,018,400

Government Cost

The estimated cost of the program to the Government is calculated by using the estimated number of respondents (690,520) multiplied (x) by the \$420 fee (which includes the suggested average hourly rate for clerical, officer, and managerial time with benefits, plus a percent for the estimated overhead cost for printing, stocking, distributing and processing of this form).

The estimated annual public cost is **\$30,959,464**. This figure is calculated by multiplying the number of respondents (690,520) x (1) number of responses x 1.5 hours (1 hour and 30 minutes) per response x 29.89 (average hourly rate).

The estimated annual fee cost is \$290,018,400.

This is based on the number of respondents 690,520 x \$420 fee charge.
