Public reporting burden for this collection of information is estimated to average six (6) hours per initial response, and four (4) hours for updated plans, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid Office of Management and Budget (OMB) control number.

**Purpose of Form:** All applicants for participation in FHA subsidized and unsubsidized multifamily housing programs with five or more units (see 24 CFR 200.615) must complete this Affirmative Fair Housing Marketing Plan (AFHMP) Form as specified in 24 CFR 200.625, and in accordance with the requirements in (24 CFR 200.620). The purpose of the AFHMP is to help applicants in developing an AFHM program to achieve a condition in which individuals of similar income levels in the same housing market area have a like range of housing choices available to them regardless of their race, color, national origin, religion, sex, disability, or familial status. The AFHMP helps owners/agents (respondents) effectively market the availability of housing opportunities to individuals of both minority and non-minority groups that are least likely to apply for occupancy in the housing project (See AFHMP, Block 3b).

An AFHM program, as specified in this Plan, shall be in effect for each multifamily project throughout the life of the mortgage (24 CFR 200.620(a)). The AFHMP, once approved by HUD, must be available for public inspection at the sales or rental offices of the respondent (24 CFR 200.625) and may not be revised without HUD approval. This form contains no questions of a confidential nature.

**Applicability:** The form and worksheets must be completed and submitted by all FHA subsidized and unsubsidized multifamily housing projects.

### INSTRUCTIONS

**Send completed form and worksheets to:** your local HUD Office. **Attention:** Director, Office of Housing.

#### Part 1- Applicant/Respondent and Project Identification.

Blocks 1a, 1b, 1c, 1g, 1h, and 1i are self-explanatory.

Block 1d – Respondents may obtain the Census tract number from a local planning office, Community Development Block Grant Consolidated Plan, or another official source such as the U.S. Census Bureau ([www.census.gov](http://www.census.gov)).

Block 1e – A **housing market area** is the area from which a multifamily housing project owner/agent may reasonably expect to draw a substantial number of its tenants.

If a housing market area is not demographically diverse in terms of race, color, national origin, religion, sex, disability, or familial status, an **expanded housing market area** may be used. An expanded housing market area is a larger geographic area that may provide additional diversity. Respondents should indicate the housing or expanded housing market area in which the housing is/will be located, e.g., “City of \_\_\_\_\_” for housing market area, or “City of \_\_\_\_\_” and “County of \_\_\_\_\_” for expanded housing market area.

Block 1f - The applicant should complete this Block only if a Managing Agent (the agent cannot be the applicant) is implementing the AFHMP.

#### Part 2-Type of AFHMP

Block 2a – Respondents should indicate the status of the AFHMP, e.g., initial or updated, as well as the date of the AFHMP. Respondents should also provide the reason(s) for the current update, if applicable, whether the update is based on the five-year review or mid-term revisions due to changes in local demographics or other conditions.

Block 2b – Respondents should identify all groups HUD has approved for occupancy in the subject project, in accordance with the contract, grant, etc.

Block 2c – Respondents should specify the date the project was/will be first occupied.

Block 2d – For new construction, substantial rehabilitation, or projects vacant for any other reason, advertising must begin at least 90 days prior to initial occupancy. In the case of existing projects, respondents should indicate whether the advertising will be used to add individuals to the project’s waiting list or re-open a closed waiting list, and indicate how many people are on the waiting list when advertising begins.

### **Part 3-Demographics and Marketing Area.**

“Least likely to apply” means that there is an identifiable presence of a specific demographic group in the housing market area, but members of that group are not likely to apply for the housing without targeted outreach, including marketing materials in other languages for limited English proficient individuals, and alternative formats for persons with disabilities. Reasons for not applying can include, but are not limited to, insufficient information about housing opportunities, language barriers, or transportation impediments.

Block 3a – Using Worksheet 1, the respondent should indicate the demographic composition of the project, waiting list, census tract, and housing market area. The respondent compares the demographics of its existing project, waiting list (or any maintained list of interested housing applicants), with the demographics of the census tract and the larger housing market area to determine if there needs to be affirmative marketing to those least likely to apply. If the housing market area is not demographically diverse in terms of race, color, national origin, religion, sex, disability, or familial status, an expanded housing market area should be designated to enhance the diversity of individuals applying for housing opportunities. The applicable housing market area or expanded marketing area should be shown in Block 1e. Wherever possible, demographic statistics should be obtained from a local planning office, Community Development Block Grant Consolidated Plan, or another official source such as the U.S. Census Bureau ([www.census.gov](http://www.census.gov)).

Compare groups within rows/across columns on Worksheet 1 to identify any under-represented group(s) relative to the surrounding housing market area, i.e., those group(s) “least likely to apply” for the housing without targeted outreach and marketing. If there is a particular group or subgroup with members of a protected class that has an identifiable presence in the housing market area, but is not included in Worksheet 1, please specify under “Other.”

Block 3b – Using the information from the completed Worksheet 1, respondents should identify the demographic group(s) least likely to apply for the housing without special outreach efforts by checking all that apply.

### **Part 4 - Marketing Program and Residency Preference (if any).**

Block 4a – A residency preference is a preference for admission of persons who reside or work in a specified geographic area (see 24 CFR 5.655(c)(1)(ii)). Respondents should indicate whether a residency preference is being utilized, and if so, respondents should specify if it is new, revised, or continuing. If a respondent wishes to utilize a residency preference, it must state the preference area (and provide a map delineating the precise area) and state the reason for having such a preference. The respondent must ensure that the preference is in accordance with the non-discrimination and equal opportunity requirements in 24 CFR 5.105(a) (see 24 CFR 5.655(c)(1)).

Respondents should use Worksheet 2 to show how the percentage of the eligible population living or working in the residency preference area conforms to that of the occupancy of the project, waiting list, and housing market area. The latter percentages would be the same as those shown on completed Worksheet 1.

Block 4b – Using Worksheet 3, respondents should describe their use of community contacts to market the project to those least likely to apply. This table should include the name of a contact person, his/her address, phone number, previous experience working with the target population(s), the approximate date contact was/will be initiated, and the specific role the community contact will play in implementing the AFHMP.

Block 4c – Using Worksheet 4, respondents should describe their proposed method(s) of advertising to market to those least likely to apply. This table should identify each media option, percentage of the readers/listeners/users/ members/etc. who are members of the targeted population(s), language(s) into which the material(s) will be translated, alternative format(s) that will be used to reach persons with disabilities, and logo(s) that will appear on the various materials (as well as their size).

### **Part 5- Availability of the Fair Housing Poster, AFHMP, and Project Site Sign.**

Block 5a - The Fair Housing Poster must be prominently displayed in all offices in which sale or rental activity takes place (24 CFR 200.620(e)). Respondents should indicate all locations where the Fair Housing Poster will be displayed.

Block 5b – The AFHMP must be available for public inspection at the sales or rental office (24 CFR 200.625). Check all of the locations where the AFHM Plan will be displayed.

Block 5c – The Project Site Sign should display the Equal Housing Opportunity logo or slogan or statement (24 CFR 200.620(f)). Respondents should indicate where the Project Site Sign will be displayed, as well as the size of the Sign and the size of the logo, slogan or statement.

**Part 6 -Evaluation of Marketing Activities.**

Respondents should explain the evaluation process to be used to determine if they have been successful in attracting those groups identified as least likely to apply. Respondents should also explain how they will make decisions about future marketing activities based on the evaluations.

**Part 7-Marketing Staff and Training.**

Block 7a - Respondents should identify staff positions that are/will be responsible for affirmative marketing.

Block 7b - Respondents should indicate whether staff has been trained on the use of the AFHMP and specify whether there is ongoing training on the AFHMP and Fair Housing Act issues in general. Show who provides the training. In addition, respondents should specify whether they periodically assess staff members' skills in relation to the AFHMP and staff responsibilities to use the Plan. They should state how often they assess employee skills and how they conduct the assessment.

Block 7c - Respondents should indicate whether staff has been trained on tenant selection in accordance with the project's occupancy policy, including residency preferences (if any). Respondents should also identify those staff positions that are/will be responsible for tenant selection.

Block 7d - Respondents should include copies of any written materials related to staff training, and identify the dates of past and anticipated training.

**Part 8-Additional Considerations.**

Respondents should describe their efforts not previously mentioned that were/are planned to attract those groups least likely to apply for the subject housing.

**Part 9-Review and Update.**

By signing, the respondent assumes responsibility for implementing the AFHMP, and for reviewing and updating the Plan at least once every 5 years, and more frequently if local conditions or project demographics significantly change. HUD may monitor the implementation of this AFHMP at any time, and may also request modification in its format and/or content, when deemed necessary. Respondents must notify their local HUD Office of Housing if they plan revisions to the AFHMP marketing strategy after HUD approval has occurred.

**Notification of Intent to Begin Marketing for Initial Occupancy.** No later than 90 days prior to the initiation of rental marketing activities, the respondent with an approved AFHMP must submit notification of intent to begin marketing. The notification is required by the AFHMP Compliance Regulations (24 CFR 108.15). The Notification is submitted to the Office of Housing in the HUD Office servicing the locality in which the proposed housing will be located. Upon receipt of the Notification of Intent to Begin Marketing from the applicant, the monitoring office will review any previously approved plan and may schedule a pre-occupancy conference. Such pre-occupancy will be held prior to initiation of sales/rental marketing activities. At this conference, the previously approved AFHM plan will be reviewed with the applicant to determine if the plan, and/or its proposed implementation, requires modification prior to initiation of marketing in order to achieve the objectives of the AFHM regulation and the plan.

OMB approval of the Affirmative Fair Housing Marketing Plan includes approval of this notification procedure as part of the AFHMP. The burden hours for such notification are included in the total designated for this AFHMP form.

Worksheet 1: Determining Demographic Groups Least Likely to Apply for Housing Opportunities  
(See AFHM Plan, Block 3b)

In the respective columns below indicate the percentage of each demographic group for the project (if occupied), waiting list (for existing projects), census tract, housing market area, and expanded housing market area (if the latter is needed to create a more diverse housing market area in terms of race, color, national origin, religion, sex, disability, or familial status).

Wherever possible, statistics should be obtained from a local planning office, Community Development Block Grant Consolidated Plan, or another official source such as the U.S. Census Bureau (please see <http://factfinder.census.gov>. Under Decennial Census, click "Get Data". Choose SF3, then detailed tables).

If there is a significant under-representation of any demographic group in the project and/or on its waiting list relative to the surrounding housing market area, then those groups(s) that are under-represented will be considered "least likely to apply" without targeted outreach and marketing, and will be so identified in Block 3b of the AFHM Plan. See Part 3 of the Form HUD-935.2A Instructions for further guidance. **Attach maps showing both the Housing Market Area and Expanded Housing Market Area.**

Demographic Characteristics	Project %	Waiting List %	Census Tract %	Housing Market Area %	Expanded Housing Market Area% (if used)

Worksheet 2: Establishing a Residency Preference Area (See AFHM Plan, Block 4a)

Complete this Worksheet if you wish to continue, revise, or add a residency preference, which is a preference for admission of persons who reside or work in a specified geographic area (see 24 CFR 5.655(c)(1)(ii)). If a residency preference is utilized, the preference must be in accordance with the non-discrimination and equal opportunity requirements contained in 24 CFR 5.105(a). This Worksheet will help show how the percentage of the population in the residency preference area conforms to that of the occupancy of the project, waiting list, census tract, and housing market area. **Attach a map specifying the area for which the residency preference is requested.**

Demographic Characteristics	Project % (as determined in Worksheet 1)	Waiting List % (as determined in Worksheet 1)	Census Tract % (as determined in Worksheet 1)	Housing Market Area % (as determined in Worksheet 1)	Expanded Housing Market Area % (if needed and as determined in Worksheet 1)	Residency Preference Area % (if applicable)

Worksheet 3: Proposed Marketing Activities – Community Contacts (See AFHM Plan, Block 4b)

For each targeted marketing population designated as least likely to apply in Block 3b, identify at least one community contact organization you will use to facilitate outreach to the group. This could be a social service agency, religious body, advocacy group, community center, etc. State the names of contact persons, their addresses and phone numbers, their previous experience working with the target population, the approximate date contact was/will be initiated, and the specific role they will play in assisting with the affirmative fair housing marketing program.
