

Dear \_(TAS alumni name)\_\_\_\_\_,\_

You participated in NOAA's Teacher at Sea Program in 20XX. NOAA is very interested in learning more about your experiences as a NOAA Teacher at Sea and how you have used these experiences in your own classroom. Jennifer Hammond, TAS Program Manager, and I have designed an evaluation plan, involving a survey of program participants. Your assistance would be invaluable.

If you agree, please visit the following site (URL provided) or complete the attached PDF by XXX. The survey should take no longer than 30 minutes. Your responses will be kept confidential.

Taking a few minutes to share some of your thoughts about being a NOAA Teacher at Sea will help to improve the program and make it a better experience for everyone.

If you have any trouble accessing the survey or you have questions, please let me know.

Thank you in advance.  
Dr. Bora Simmons
