

ATTENTION Young Marines!

(including Young Marine recruits who have not yet completed orientation)
and parents:

An important research study on the helpfulness of the drug abuse prevention activities in the Young Marines organization is starting soon and **your child can participate!**

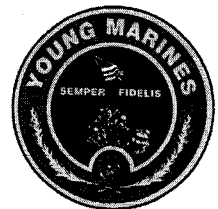

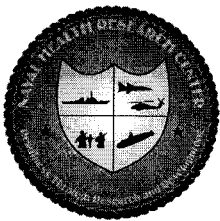

A survey is being conducted to assess the effectiveness of the Young Marines Program in reducing drug use and promoting a healthy, drug-free lifestyle among youth.

An information packet about this study may be given to Young Marines at a future unit meeting. In addition, information about how you can be involved is available at youngmarinesstudy.org. (A signed parental permission form is required to participate in the study.)

**Don't miss out on this chance to be a part of a study
where the ultimate goal is to better the Marine Corps
sponsored services for youth drug education!**
