

Attachment 1: SAMHSA Priority Program Goals

SAMHSA PRIORITY PROGRAM GOALS

SAMHSA Homelessness Performance Goals

- Increase the percentage of homeless individuals with substance abuse and/or mental illness who become enrolled in services and report having permanent housing.
-
-

SAMHSA Substance Abuse Treatment Capacity Performance Goals

- Increase the number of treatment programs using effective treatment practices.
 - Increase the percentage of people with substance abuse problems who receive treatment.
 - Improve treatment outcomes for people receiving services.
-
-

SAMHSA Co-Occurring Disorders Performance Goals

- Increase the percent of persons with or at risk for co-occurring disorders who receive prevention and appropriate treatment services that address both disorders.
- Increase the percentage of persons who experience reduced impairment from their co-occurring disorders following the appropriate treatment.
- Increase the number of grantees implementing evidence-based practices.
