About the Trade Adjustment Assistance (TAA) Program

The Trade Act of 1974 (19 USC § 2271 et seq.), as amended, established Trade Adjustment Assistance (TAA) to provide assistance to workers in firms hurt by foreign trade. Program benefits include long-term training while receiving income support. TAA provides both rapid and early assistance. Filing this petition is the first step in qualifying for benefits and assistance. After the petition is filed, the U.S. Department of Labor will determine whether a significant number or proportion of the workers of the firm are separated or are threatened to become totally or partially separated, and whether imports or a shift in production to another country contributed importantly to these actual or threatened separations and to a decline in sales or revenues of the firm or its services. Workers in public agencies may also qualify for assistance where an agency has acquired from another agency a function directly competitive with the services the agency supplies. If a petition is approved and the workers are certified as eligible to participate in the TAA program, workers covered by a certification may contact their state workforce agency to apply for benefits. **These benefits are provided at no expense to employers.**

Addition of a paragraph about the ATAA Program

Alternative Trade Adjustment Assistance (ATAA) for older workers is an alternative to TAA for trade affected workers 50 years of age or older. ATAA encourages qualified trade affected workers to quickly obtain full-time employment by providing a wage subsidy in lieu of training and income support. Submission of a completed Petition Form signifies a desire to file for both TAA and ATAA. If certified for both programs, workers will have the option of applying for TAA benefits and services and, if reemployment occurs within 26 weeks of the worker's separation, may be eligible to receive ATAA instead of TAA, if the worker desires.

- A worker group (minimum of three workers), union official or other authorized representative, state or local agency representative in a local One Stop Career Center, or knowledgeable firm official must complete this Petition Form, by answering all questions before submitting it to the Department.

A group of three workers from the same firm at the same job location, or a union official, or a state or local agency representative in a local One Stop Career Center, or an employer official, or a legally authorized representative must complete this Petition Form by answering all questions before submitting it to the U.S. Department of Labor.

Section 3. Trade Effects on Separations

1. To the best of your knowledge, provide reasons why you believe that separations that have occurred or may be threatened at the workers' firm are due to foreign trade. (Example: Production has been / is being shifted to a foreign country, increased imports of articles, loss of business with a TAA-certified firm.) *

2. If you possess any additional information or documents that you believe may assist in the determination of whether the worker group is eligible for TAA benefits, submit it as an attachment to the Petition Form.
