“MITIGATION ASSISTANCE

42 USC 4104c.

“SEC. 1366. (a) AUTHORITY.-- The Director shall carry out a program to provide financial assistance to States and communities, using amounts made available from the National Flood Mitigation Fund under section 1367, for planning and carrying out activities designed to reduce the risk of flood damage to structures covered under contracts for flood insurance under this title. Such financial assistance shall be made available to States and communities in the form of grants under subsection (b) for planning assistance and in the form of grants under this section for carrying out mitigation activities.

“(b) PLANNING ASSISTANCE GRANTS.--

“(1) IN GENERAL.-- The Director may make grants under this subsection to States and communities to assist in developing mitigation plans under subsection (c).

“(2) FUNDING.-- Of any amounts made available from the National Flood Mitigation Fund for use under this section in any fiscal year, the Director may use not more than \$1,500,000 to provide planning assistance grants under this subsection.

“(3) LIMITATIONS.--

“(A) TIMING.-- A grant under this subsection may be awarded to a State or community not more than once every 5 years and each grant may cover a period of 1 to 3 years.

“(B) SINGLE GRANTEE AMOUNT.-- A grant for planning assistance may not exceed--

“(i) \$150,000, to any State; or

“(c) ELIGIBILITY FOR MITIGATION ASSISTANCE.-- To be eligible to receive financial assistance under this section for mitigation activities, a State or community shall develop, and have approved by the Director, a flood risk mitigation plan (in this section referred to as a ‘mitigation plan’), that describes the mitigation activities to be carried out with assistance provided under this section, is consistent with the criteria established by the Director under section 1361, and provides protection against flood losses to structures for which contracts for flood insurance are available under this title. The mitigation plan shall be consistent with a comprehensive strategy for mitigation activities for the area affected by the mitigation plan, that has been adopted by the State or community following a public hearing.

“(d) NOTIFICATION OF APPROVAL AND GRANT AWARD.--

“(1) IN GENERAL.-- The Director shall notify a State or community submitting a mitigation plan of the approval or [2271] disapproval of the

plan not later than 120 days after submission of the plan.

“(2) NOTIFICATION OF DISAPPROVAL.-- If the Director does not approve a mitigation plan submitted under this subsection, the Director shall notify, in writing, the State or community submitting the plan of the reasons for such disapproval.

“(e) ELIGIBLE MITIGATION ACTIVITIES.--

“(1) USE OF AMOUNTS.-- Amounts provided under this section (other than under subsection (b)) may be used only for mitigation activities specified in a mitigation plan approved by the Director under subsection (d). The Director shall provide assistance under this section to the extent amounts are available in the National Flood Mitigation Fund pursuant to appropriation Acts, subject only to the absence of approvable mitigation plans.

“(2) DETERMINATION OF ELIGIBLE PLANS.-- The Director may approve only mitigation plans that specify mitigation activities that the Director determines are technically feasible and cost-effective and only such plans that propose activities that are cost-beneficial to the National Flood Mitigation Fund.

“(3) STANDARD FOR APPROVAL.-- The Director shall approve mitigation plans meeting the requirements for approval under paragraph (1) that will be most cost-beneficial to the National Flood Mitigation Fund.

“(4) PRIORITY.-- The Director shall make every effort to provide mitigation assistance under this section for mitigation plans proposing activities for repetitive loss structures and structures that have incurred substantial damage.

“(5) ELIGIBLE ACTIVITIES.-- The Director shall determine whether mitigation activities described in a mitigation plan submitted under subsection (d) comply with the requirements under paragraph (1). Such activities may include--

“(A) demolition or relocation of any structure located on land that is along the shore of a lake or other body of water and is certified by an appropriate State or local land use authority to be subject to imminent collapse or subsidence as a result of erosion or flooding;

“(B) elevation, relocation, demolition, or floodproofing of structures (including public structures) located in areas having special flood hazards or other areas of flood risk;

“(C) acquisition by States and communities of properties (including public properties) located in areas having special flood hazards or other areas of flood risk and properties substantially damaged by flood, for public use, as the Director determines is consistent with sound land management and use in such area;

“(D) minor physical mitigation efforts that do not duplicate the flood prevention activities of other Federal agencies and that lessen the frequency or severity of flooding and decrease predicted flood damages, which shall not include major flood control projects such as dikes, levees, seawalls, groins, and jetties unless the Director specifically determines in approving a mitigation plan that such activities are the most cost-effective mitigation activities for the National Flood Mitigation Fund;

“(E) beach nourishment activities;

“(F) the provision of technical assistance by States to communities and individuals to conduct eligible mitigation activities;

“(G) other activities that the Director considers appropriate and specifies in regulation; and

“(H) other mitigation activities not described in subparagraphs (A) through (F) or the regulations issued under subparagraph (G), that are described in the mitigation plan of a State or community.

“(3) WAIVER.-- The Director may waive the dollar amount limitations under paragraphs (1) and (2) for any State or community for any 5-year period during which a major disaster or emergency declared by the President (pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act) as a result of flood conditions is in effect with respect to areas in the State or community.

“(g) MATCHING REQUIREMENT.--

“(1) IN GENERAL.-- The Director may not provide mitigation assistance under this section to a State or community in an amount exceeding 3 times the amount that the State or community certifies, as the Director shall require, that the State or community will contribute from non-Federal funds to develop a mitigation plan under subsection (c) and to carry out mitigation activities under the approved mitigation plan. In no case shall any in-kind contribution by any State or community exceed one-half of the amount of non-Federal funds contributed by the State or community.

“(2) NON-FEDERAL FUNDS.-- For purposes of this subsection, the term ‘non-Federal funds’ includes State or local agency funds, in-kind contributions, any salary paid to staff to carry out the mitigation activities of the recipient, the value of the time and services contributed by volunteers to carry out such activities (at a rate determined by the Director), and the value of any donated material or building and the value of any lease on a building.

“(h) OVERSIGHT OF MITIGATION PLANS.-- THE DIRECTOR SHALL CONDUCT OVERSIGHT OF RECIPIENTS OF MITIGATION assistance under this section to ensure that the assistance is used in compliance with the approved mitigation plans of the recipients and that matching funds certified under subsection (g) are used in accordance with such certification.

“(i) RECAPTURE.--

“(1) NONCOMPLIANCE WITH PLAN.-- If the Director determines that a State or community that has received mitigation assistance under this section has not carried out the mitigation activities as set forth in the mitigation plan, the Director shall recapture [2273] any unexpended

amounts and deposit the amounts in the National Flood Mitigation Fund under section 1367

“(2) FAILURE TO PROVIDE MATCHING FUNDS.-- If the Director determines that a State or community that has received mitigation assistance under this section has not provided matching funds in the amount certified under subsection (g), the Director shall recapture any unexpended amounts of mitigation assistance exceeding 3 times the amount of such matching funds actually provided and deposit the amounts in the National Flood Mitigation Fund under section 1367.

“(j) REPORTS.-- Not later than 1 year after the date of enactment of the Riegle Community Development and Regulatory Improvement Act of 1994 and biennially thereafter, the Director shall submit a report to the Congress describing the status of mitigation activities carried out with assistance provided under this section.

“(k) DEFINITION OF COMMUNITY.-- For purposes of this section, the term ‘community’ means--

“(1) a political subdivision that (A) has zoning and building code jurisdiction over a particular area having special flood hazards, and (B) is participating in the national flood insurance program; or

“(2) a political subdivision of a State, or other authority, that is designated to develop and administer a mitigation plan by political subdivisions, all of which meet the requirements of paragraph (1).”

(b) REGULATIONS.-- Not later than 6 months after the date of enactment of this Act, the Director of the Federal Emergency Management Agency shall issue regulations to carry out section 1366 of the National Flood Insurance Act of 1968, as added by subsection (a).
