SUPPLEMENTARY INFORMATION: OEC, formed under Title XVIII of the Homeland Security Act of 2002, 6 U.S.C. 101 *et seq.*, is required to develop the NECP, which will include identification of goals, timeframes, and appropriate measures to achieve interoperable communications capabilities. The NECP Tribal Report is designed to meet these statutory requirements.

OEC will use the information gained through the reports to track progress that tribes are making in implementing milestones and demonstrating goals of the NECP. The report will provide OEC with broader capability data across the lanes of the Interoperability Continuum, which are key indicators of consistent success in response-level communications.

Tribes with public safety capabilities (police, fire, emergency medical services, emergency managers, dispatchers, radio operators, government workers, etc.) will be responsible for collecting this information from their respective tribes. Tribal points of contact will complete and submit the report directly to OEC through paper mailing at DHS/NPPD/CS&C/OEC, Ryan Oremland, 245 Murray Lane, SW., Mailstop 0614, Washington, DC 20528-0614 or unclassified electronic submission to NECPgoals@hq.dhs.gov.

OMB is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
