Dear Mr. Kahn:

I want to thank you for your comments in response to Docket FMCSA-2010-0286: Agency Information Collection Activities; Proposals, Submissions, and Approvals: Request for Revocation Authority Granted. Your support of the information collection is appreciated, especially your comments on the accuracy of the estimated burden, and the importance of the motor carrier having a simple process to relinquish operating authority through the use of Form OCE-46. The data collected will be used by various communities to analyze various aspects of the motor carrier industry such as its productivity and its role in the economy.

Thank you for taking the time to comment. I appreciate your support of this initiative.

Sincerely,
