

§ 200.46

application for a firm commitment is received before expiration of the SAMA letter:

(A) The land value fully improved (with off-site improvements installed);

(B) The acceptability of the proposed project site, the proposed composition, number and size of the units and the market for the number of proposed units. Where the application is not acceptable as submitted, but can be made acceptable by a change in the number, size, or composition of the units, the SAMA letter may establish the specific lesser number of units which would be acceptable and any acceptable alternative plan for the composition and size of units; and

(C) The acceptability of the unit rents proposed. Where rent levels are unacceptable, the SAMA letter may establish specific rents which are acceptable.

(ii) After receiving a SAMA letter, the sponsor shall submit design drawings and specifications in a timeframe prescribed by the Commissioner. The Commissioner will review and comment on design development and the drawings and specifications. The comments will be provided to the sponsor for use in preparing a firm commitment application.

(2) *Feasibility letter.* The issuance of a feasibility letter indicates approval of the preliminary work write-up and outline specifications and completion of technical processing involving the estimated rehabilitation cost of the project, the “as is” value of the site, the detailed estimates of operating expenses and taxes, the specific unit rents, the vacancy allowance, and the estimated mortgage amount. The issuance of a feasibility letter is not a commitment to insure a mortgage for the proposed project and does not bind the Commissioner to issue a firm commitment to insure. Determinations found in a feasibility letter are not to be binding upon the Department and may be changed in whole or in part at any later point in time. The letter may even be unilaterally terminated by the Commissioner if found necessary.

(3) *Conditional commitment.* The issuance of a Section 223(f) conditional commitment indicates completion of technical processing involving the esti-

mated value of the property, the detailed estimates of rents, operating expenses and taxes and an estimated mortgage amount.

(e) *Term of SAMA letter, feasibility letter, and conditional commitment.* A SAMA letter, a feasibility letter, and a conditional commitment shall be effective for whatever term is specified in the respective letter or commitment.

(f) *Rejection of an application.* A significant deviation in an application from the Commissioner’s terms or conditions in an earlier stage application commitment or agreement shall be grounds for rejection. The fees paid to such date shall be considered as having been earned notwithstanding such rejection.

A valid firm commitment must be in effect at the time the mortgage instrument is endorsed.

(a) *Insurance upon completion.* The commitment shall provide the terms and conditions for the insurance of the mortgage:

(1) After completion of construction or substantial rehabilitation of the project; or

(2) Upon completion of required work, except as deferred by the Commissioner in accordance with terms, conditions and standards established by the Commissioner, for an existing project without substantial rehabilitation.

(b) *Insured advances.* The commitment shall provide for insurance of the mortgage as provided in paragraph (a) of this section, and for the insurance of
