<b>Student Commentary</b>	
Describe what you consider to be the most beneficial and exciting elements of being an LSAMP Bridge student. These might include (1) an opportunity you have had as a result of being an LSAMP Bridge students that has significantly affected your professional development, (2) an aspect of the project that provided exceptional "added value" to	

<p>your educational experience, or (3) an aspect of the project that has been especially successful and/or represents a real change from the usual way graduate students are educated at your institution. (text box)</p>	
<p>Describe what you consider to be the least successful or least well-developed (to date) elements of the PhD program with which you are associated. Offer any suggestions you may have for making PhD a stronger and more effective graduate education program. (text box)</p>
