

Appendix C: GK-12 Data Reporting System Screens

The National Science Foundation (NSF) Graduate Teaching Fellows in K-12 Education (GK-12 program) is a crosscutting education initiative managed by the Division of Graduate Education in the Directorate for Education and Human Resources. The program supports fellowships and associated training that will enable graduate students and advanced undergraduates in science, technology, engineering, and mathematics disciplines to serve as resources in K-12 schools.

Survey Privacy

The Federal Government has a continuing commitment to monitor its awards to identify and address any inequities based on gender, race, ethnicity, or disability of the Principal Investigators, Co-Principal investigators, Fellows, or other participants.

Information from this data reporting system will be retained by Federal agencies and will be an integral part of their Privacy Act System of Records in accordance with the Privacy Act of 1974. These are confidential files accessible only to appropriate NSF officials, their staffs, and their contractors responsible for monitoring, assessing, and supporting evaluations of your project. These data are being collected only for monitoring, evaluation, and statistical purposes. Only project data in highly aggregated form or data explicitly requested "for general use" will be made available to anyone outside of NSF. Data submitted will be used in accordance with criteria established by NSF for monitoring grants for research and education, and in response to Public Law 99-383 and 42 USC 1885c.

Public Burden

Submission of the requested information is voluntary. Failure to provide full and complete information, however, may reduce the possibility for continuing support through the award/project subject to this survey. Each Principal Investigators' average reporting burden is 20 hours, each Fellow's average reporting burden is 2 hours, and each Cooperating Teacher's average reporting burden is 2 hours. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Suzanne Plimpton, Reports Clearance Officer for OMB Collection 3145-0136 GK-12 Program, National Science Foundation, 4201 Wilson Boulevard., Suite 295, Arlington, VA 22230 or to Desk Officer for National Science Foundation (OMB 3145-0136 GK-12 Program), Room 10102 New Executive Office Building, 725 17th Street NW, Washington, DC 20503.
