

Assessment Evaluation (Assessor)

The U.S. Institute for Environmental Conflict Resolution evaluates all of its services. As a part of this evaluation we ask the various interests who have been involved in an Institute project or case to provide us with information about their experience. Your responses will be part of the Institute's ongoing evaluation effort, and the data compiled will provide much-needed information that will be used to improve our programs and services. The average estimated reporting burden for this questionnaire is 5 minutes. This estimate includes time for reviewing the instructions, completing, and reviewing the questionnaire. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Institute.
