# 1 Grantee Functions in HCCN PIMS

## 1.1 Grantee Login (How to Access and Use HCCN PIMS)

Grantees will access HCCN PIMS through EHB  
Be registered with EHB

Type the following URL on your browser and hit “Enter”:

<https://grants.hrsa.gov/webexternal/login.asp>

This brings up the EHB logon screen

### 1.1.1 Username and Password

Enter your username and password and click “Login”

The screenshot shows the HRSA Electronic Handbooks for Applicants/Grantee website. At the top left is the HRSA logo with the text "U.S. Department of Health and Human Services" and "Health Resources and Services Administration". To the right of the logo is the text "HRSA Electronic Handbooks for Applicants/Grantee" and a "HELP" icon. Below the logo is a "Logon Menu" with options for "Login", "Forgot Password", and "Registration". The "Login" option is selected. Below the menu is a "Login" button. To the right of the menu is a "Contact Us" section with phone, time, and email information. Below that is a "LOGIN" section with two columns: "Already Registered?" and "Not Registered?". The "Already Registered?" column has fields for "\*Username" (shsdced) and "\*Password" (masked with dots), a "Login" button (circled in orange), and a link for "Forgot your password?". The "Not Registered?" column has a "Create an Account" button and a list of instructions: "Registration is needed only once" and "Read the getting started guidelines for New Applicants and/or Existing Grantees". Below the "LOGIN" section is a "Warning!" section with text about site security and legal process. At the bottom is a link for "Privacy Policy | Disclaimer".

## Welcome to Performance Improvement and Measurement System

Welcome to the Health Center Controlled Network Health Information Technology (HIT) Grantee Reporting System

The Office of Health Information Technology provides grant funding to support Health Center Controlled Networks to use HIT as a tool to improve both the quality of health care provided in health centers as well as individual and population health. OHIT hopes to use the information derived from these grantee projects with an active quality improvement program to provide evidence of the use of data and HIT to improve care and to demonstrate the value and effectiveness of health centers in the marketplace. There will be four reporting periods each year (due dates: October 1st, January 1st, April 1st, and July 1st).

## Measures

For help on this page, please click the Instructions link on the top right of the page.

**1. Planning Grant**

Not Applicable.

**2. EHR Implementation, Innovations, and Quality Improvement**

*Planning Grantees: Please enter "N/A" for any required fields which do not apply to your program.*

**Measuring the Impact of HIT on Health Outcomes**

HRSA is interested in measuring the impact of HIT in terms of outcomes that support the aims of these grant programs. HRSA requires at least three performance outcome measures, two of which HRSA defines to include the health outcome measures of diabetes control and child immunization for certain grant types.

Indicate if measures are calculated at the Network level (data from three or more health centers in the grant project scope analyzed or aggregated at the network level) or at the Health Center level (data not analyzed or aggregated at the network level reported in this section from one select health center in the grant project scope). Consistently report on or use the same center(s) throughout the grant project for either level.

If different from UDS clinical outcome measure definition, state the source used for calculating the data under "other" and provide an update to any change or any other needed clarification in the "comments" section. In the baseline column, state the percentage and provide the actual numerator and denominator used to calculate it. There is one baseline; it is not re-calculated each year. The measures are inclusive for HIT and non-HIT patients alike.

Note, measure data in this section is not used for formal evaluation purposes, compliance, or statistical comparisons; rather, the data is used to help understand both grantee level reporting capabilities and also to delineate the impact of HIT on the quality of care and on health outcomes of the patients for our programs.

**Select the appropriate level:**

Network Level  Health Center Level

If measures are calculated at the Network level consisting of data from at least three health centers in the project scope, then do the measures represent all health centers in the project scope or a subset of health centers? If you choose subset then indicate the number of health centers.

Measures represent all health centers in the project scope

Measures represent a subset of health centers (1-100):

**Instructions for Measures**

- For EHR Implementation Grant and HIT Innovation Grant, the first three measures are required. For HIT Planning Grant and Quality Improvement Grant, if Measure 1 or/and 2 don't apply, please enter "N/A" (however, at least three measures will be still required).
- Indicate which aims from the list below are the most fitting to your measures listed below. Add rows if necessary to capture additional measures. Make sure to **click the Add button** after completing the fields in the row, otherwise it won't get saved.
- Innovation Grantees:** If you are not reporting on immunizations or diabetes, enter zeros for the numerator and denominator in Measure 3.

**Measure 1 and 2**

Measures	Baseline			Current Progress			Method for calculating consistent with Uniform Data System (UDS)
	Numerator	Denominator	%	Numerator	Denominator	%	
Measure 1: Child Immunization	75	100	75	75	152	49	<input checked="" type="radio"/> Yes <input type="radio"/> No/Other
Measure 2: Diabetes control	≤ 7%	40	40	50	99	51	<input checked="" type="radio"/> Yes <input type="radio"/> No/Other
	> 7% and ≤ 9%	35	100	40	99	40	
	> 9%	25	25	25	25	25	

**Measure 3 and Up**

Measures	Baseline			Current Progress			Aim(s)	Grantee comments and further description on performance measures including methodology, used for reporting, and in quality improvement activities at patient and system level	Action
	Numer.	Denom.	%	Numer.	Denom.	%			
Measure 3: <input type="text" value="Flu Shots"/>	53	100	53	22	47	47	<input checked="" type="checkbox"/> Effectiveness <input type="checkbox"/> Efficiency <input type="checkbox"/> Safety and Quality <input type="checkbox"/> Timeliness <input checked="" type="checkbox"/> Equitability <input type="checkbox"/> Patient Centered-ness	Actual values of numerator and denominator are not available. The Baseline values input here are derived	<a href="#">Edit</a> <a href="#">Delete</a>
Measure 4 (Optional): <input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="checkbox"/> Effectiveness <input type="checkbox"/> Efficiency <input type="checkbox"/> Safety and Quality <input type="checkbox"/> Timeliness <input type="checkbox"/> Equitability <input type="checkbox"/> Patient Centered-ness	<input type="text"/>	<a href="#">Add</a>

**3. Any other accomplishments of the project thus far**

Please describe such as:

- Increasing the availability and transparency of information related to the health care needs of the patient and support physician decision making.
- Supporting the rapid response to address both natural and man-made disasters, including those due to bioterrorist acts.
- Promoting continuity of care across settings when patients move from outpatient to urgent, emergency, and inpatient care, and when patients move between geographic areas either voluntarily or involuntarily as in the case of a disaster.
- Creating interoperability with other safety net providers such as health departments and other HRSA grantees.
- Enhancing the capability of safety net providers to enter into collaborative strategies that leverage initiatives and resources (including knowledge, experience, and funding) already present in their communities.
- Promoting the creation of a sustainable business model for deploying HIT in safety net networks.
- Promoting a more effective marketplace, greater competition and systems analysis, enhanced quality, and improved outcomes in health centers.
- Enhancing various reporting needs and requirements. Examples of reporting needs may include: Joint Commission accreditation; Quality improvement and/or quality assurance initiatives; reportable diseases; various state reporting requirements.
- Utilizes HIT to assist with elements and/or activities related to health reform efforts such as expanding access, reducing disparities, etc.

**Any Comments About this Form or the Data You Entered**

**Is this Form Complete?**

No  Yes

For technical help please call HRSA Call Center 1-877-Go4-HRSA (1-877-464-4772) or email CallCenter@hrsa.gov

## 1.2.5 Save Error

Click “Save” at the bottom of the form to write the provided information to the database. The form will not save if errors are found in the information provided, or if the grantee chooses to complete when all required information is not provided. An error message will be generated.

### Measures

For help on this page, please click the Instructions link on the top right of the page.

**Please correct the following error(s) and try again:**

- ↓ Measure 1 Current Progress Denominator cannot be blank.
- ↓ Measure 2 (> 7% and ≤ 9%) Current Progress Numerator cannot be blank.
- ↓ Measure 2 (> 9%) Current Progress Numerator cannot be blank.

**1. Planning Grant**

Not Applicable.

**2. EHR Implementation, Innovations, and Quality Improvement**

*Planning Grantees: Please enter "N/A" for any required fields which do not apply to your program.*

**Measuring the Impact of HIT on Health Outcomes**

HRSA is interested in measuring the impact of HIT in terms of outcomes that support the aims of these grant programs. HRSA requires at least three performance outcome measures, two of which HRSA defines to include the health outcome measures of diabetes control and child immunization for certain grant types.

Indicate if measures are calculated at the Network level (data from three or more health centers in the grant project scope analyzed or aggregated at the network level) or at the Health Center level (data not analyzed or aggregated at the network level reported in this section from one select health center in the grant project scope). Consistently report on or use the same center(s) throughout the grant project for either level.

If different from UDS clinical outcome measure definition, state the source used for calculating the data under "other" and provide an update to any change or any other needed clarification in the "comments" section. In the baseline column, state the percentage and provide the actual numerator and denominator used to calculate it. There is one baseline; it is not re-calculated each year. The measures are inclusive for HIT and non-HIT patients alike.

Note, measure data in this section is not used for formal evaluation purposes, compliance, or statistical comparisons; rather, the data is used to help understand both grantee level reporting capabilities and also to delineate the impact of HIT on the quality of care and on health outcomes of the patients for our programs.

**Select the appropriate level:**  
 Network Level  Health Center Level

**Instructions for Measures**

- For EHR Implementation Grant and HIT Innovation Grant, the first three measures are required. For HIT Planning Grant and Quality Improvement Grant, if Measure 1 or/and 2 don't apply, please enter "N/A" (however, at least three measures will be still required).
- Indicate which aims from the list below are the most fitting to your measures listed below. Add rows if necessary to capture additional measures. Make sure to **click the Add button** after completing the fields in the row, otherwise it won't get saved.
- Innovation Grantees:** If you are not reporting on immunizations or diabetes, enter zeros for the numerator and denominator in Measure 3.

**Measure 1 and 2**

Measures	Baseline			Current Progress			Method for calculating consistent with Uniform Data System (UDS)
	Numerator	Denominator	%	Numerator	Denominator	%	
Measure 1: Child Immunization	<input type="text" value="75"/>	<input type="text" value="100"/>	75	<input type="text" value="75"/>	<input type="text" value=""/>	←	<input checked="" type="radio"/> Yes <input type="radio"/> No/Other

	> 9%	<input type="text" value="25"/>	25	<input type="text" value=""/>	<input type="text" value=""/>	←	

## 1.2.6 Successful Save

If the “Save” function is successful in either case ( non-completed form or completed form) the grantee is prompted to either work on the next not completed form by clicking “Next” button, or to select any other form from the “Report Navigation” menu.

The screenshot displays the HRSA Performance Improvement and Measurement System interface. At the top, it identifies the user as 'BLACKSTONE VALLEY COMMUNITY HEALTH CARE' with grant number 'H2LIT16862' and grant type 'HIT Innovation Grant'. The current report period is '12/1/2009 - 2/3/2010' and the report due date is '12/1/2010'. The main heading is 'Incomplete Form Saved'. A message states: 'Your incomplete form has been saved successfully. Please come back and complete the form later. You can now either click the Next button or pick any other form under Report Navigation to continue.' A 'Next' button is visible. On the left, there is a 'Tools' section with links for 'Validate/Submit Report', 'PDF Print', and 'Grantee Information'. Below that is a 'Report Status' section showing 'In Progress'. The 'Report Navigation' section lists eight steps: 1. Grantee Contact, 2. Type of Grant and Updates (Part A, Section 1), 3. Part A: Updates (Section 2), 4. Measures (Accomplishments), 5. Part C: Software, 6. Part D: Contingency Planning, 7. Part E: Evaluation (Section 1), and 8. Part E: Evaluation (Section 2). An 'Icon Legend' at the bottom left shows icons for 'Form Not Started', 'Form Started', and 'Form Completed'. The footer contains technical help information and a copyright notice for HRSA.

### 1.2.7 Navigate away from a form

The system will prompt to save or discard changes made on a form whenever the grantee attempts to navigate away from the form without saving in the following cases:

- Grantee user selects another link in the system
- Grantee user selects to navigate to another URL on the browser.
- Grantee user simply decides to close the browser.

If Grantee user chooses to save the changes he will have to select the “Cancel” button to stay on the form, then the “Save” button on the form to launch the saving process. The system will bring up the page Grantee user is trying to navigate to at the end of this process.

If Grantee user chooses not to save by selecting the “ok” button all changes on the form will be lost when the page Grantee user is trying to navigate to comes up.

## Welcome to Performance Improvement and Measurement System

Welcome to the Health Center Controlled Network Health Information Technology (HIT) Grantee Reporting System

The Office of Health Information Technology provides grant funding to support Health Center Controlled Networks to use HIT as a tool to improve both the quality of health care provided in health centers as well as individual and population health. OHIT hopes to use the information derived from these grantee projects with an active quality improvement program to provide evidence of the use of data and HIT to improve care and to demonstrate the value and effectiveness of health centers in the marketplace. There will be four reporting periods each year (due dates: October 1st, January 1st, April 1st, and July 1st).

Measure 4 (Optional):	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="checkbox"/> Effectiveness <input type="checkbox"/> Efficiency <input type="checkbox"/> Safety and Quality <input type="checkbox"/> Timeliness <input type="checkbox"/> Equitability <input type="checkbox"/> Patient Centered-ness	- Select -		<a href="#">Add</a>

**3. Any other accomplishments of the project thus far**

Please describe such as:

Increasing the availability and transparency of information related to the health care needs of the patient and support physician decision making.

Supporting the rapid response to address both natural and man-made disasters, including those due to bioterrorist acts.

Promoting continuity of care across settings when patients move from outpatient to urgent, emergency, and inpatient care, and when patients move between geographic areas either voluntarily or involuntarily as in the case of a disaster.

Creating interoperability with other safety net providers such as health departments and other HRSA grantees.

Enhancing the capability of safety net providers to enter into collaborative strategies that leverage initiatives and resources (including knowledge, experience, and funding) already present in their communities.

Promoting the creation of a sustainable business model for deploying HIT in safety net networks.

Promoting a more effective marketplace, greater competition and systems analysis, enhanced quality, and improved outcomes in health centers.

Enhancing various reporting needs and requirements. Examples of reporting needs may include: Joint Commission accreditation; Quality improvement and/or quality assurance initiatives; reportable diseases; various state reporting requirements.

Utilizes HIT to assist with elements and/or activities related to health reform efforts such as expanding access, reducing disparities, etc.

**Any Comments About this Form or the Data You Entered**

**Is this Form Complete?**

No  Yes

For technical help please call HRSA Call Center 1-877-G04-HRSA (1-877-464-4772) or email CallCenter@hrsa.gov

Copyright © HRSA. All Rights Reserved.

Click “Save” at the bottom of the form to write the provided information to the database. The form will not save if errors are found in the information provided, or if the grantee chooses to complete when all required information is not provided. An error message will be generated. If the “Save” function is successful the grantee is prompted to either work on the next not completed form by clicking “Next” button, or to selected any other form from the “Report Navigation” menu.

The system will prompt to save or discard changes made on a form whenever the grantee attempts to navigate away from the form without saving in the following cases:

- Grantee user selects another link in the system
- Grantee user selects to navigate to another URL on the browser.
- Grantee user simply decides to close the browser.

If Grantee user chooses to save the changes he will have to select the “Cancel” button to stay on the form, then the “Save” button on the form to launch the saving process. The system will bring up the page Grantee user is trying to navigate to at the end of this process.

If Grantee user chooses not to save by selecting the “ok” button all changes on the form will be lost when the page Grantee user is trying to navigate to comes up.

## 1.4 Complete Data Form

“Is This Form Complete” The Grantee is asked to respond by “Yes” or “No” to this question at the bottom of each form.

Select “Yes” only when all required information is provided. “No” is the default value.

The screenshot shows a form section with two main parts. The top part is a text area titled "Any Comments About this Form or the Data You Entered" containing the text "foo bar bo bee". Below this is a section titled "Is this Form Complete?" with the instruction "If selected 'No', you're not required to fill in all fields before you save." and two radio buttons: "No" (which is selected) and "Yes". Below the radio buttons are "Save" and "Cancel" buttons. The entire "Is this Form Complete?" section is circled in orange. At the bottom of the form, there is a footer with contact information: "For technical help please call HRSA Call Center 1-877-Go4-HRSA (1-877-464-4772) or email CallCenter@hrsa.gov" and "Copyright © HRSA. All Rights Reserved."

## 1.5 Add Comments to Data Form

A text area is provided at the bottom section of each form where Grantee can actually type comments up to 5000 characters. This information will be saved in the database for further use.

The screenshot shows a form section with two main parts. The top part is a text area titled "Any Comments About this Form or the Data You Entered" containing the text "foo bar bo bee". Below this is a section titled "Is this Form Complete?" with the instruction "If selected 'No', you're not required to fill in all fields before you save." and two radio buttons: "No" (which is selected) and "Yes". Below the radio buttons are "Save" and "Cancel" buttons. The entire "Any Comments About this Form or the Data You Entered" section is circled in orange. At the bottom of the form, there is a footer with contact information: "For technical help please call HRSA Call Center 1-877-Go4-HRSA (1-877-464-4772) or email CallCenter@hrsa.gov" and "Copyright © HRSA. All Rights Reserved."

## 1.6 Validate and/or Submit Report

### 1.6.1 Validate Report

At any time Grantee can choose to run validation rules against the already provided information by clicking the "Validate/Submit Report" link under Tools menu if already logged in the system, or by selecting the "Submit Report" link from EHB.

**1. Planning Grant**

Not Applicable.

**2. EHR Implementation, Innovations, and Quality Improvement**

**Planning Grantees:** Please enter "N/A" for any required fields which do not apply to your program.

**Measuring the Impact of HIT on Health Outcomes**

HRSA is interested in measuring the impact of HIT in terms of outcomes that support the aims of these grant programs. HRSA requires at least three performance outcome measures, two of which HRSA defines to include the health outcome measures of diabetes control and child immunization for certain grant types.

Indicate if measures are calculated at the Network level (data from three or more health centers in the grant project scope analyzed or aggregated at the network level) or at the Health Center level (data not analyzed or aggregated at the network level reported in this section from one select health center in the grant project scope). Consistently report on or use the same center(s) throughout the grant project for either level.

If different from UDS clinical outcome measure definition, state the source used for calculating the data under "other" and provide an update to any change or any other needed clarification in the "comments" section. In the baseline column, state the percentage and provide the actual numerator and denominator used to calculate it. There is one baseline; it is not re-calculated each year. The measures are inclusive for HIT and non-HIT patients alike.

Note, measure data in this section is not used for formal evaluation purposes, compliance, or statistical comparisons; rather, the data is used to help understand both grantee level reporting capabilities and also to delineate the impact of HIT on the quality of care and on health outcomes of the patients for our programs.

### 1.6.2 Validation Error

The system will then verify that the report complies with all form and cross form levels validation rules

If there are validation issues a message with the list of errors and warnings is generated. Those have to be fixed in order to successfully validate the report.

The screenshot displays the HRSAs Performance Improvement and Measurement System interface. At the top, it identifies the user as 'Grantee: BLACKSTONE VALLEY COMMUNITY HEALTH CARE, | Grant Number: H2LIT16862 | Grant Type: HIT Innovation Grant' with a 'Current Report Period: 12/1/2009 - 2/3/2010 | Report Due Date: 12/1/2010'. The main heading is 'Validation Error Occurred'. Below this, a message states: 'Please correct the following errors before submitting: Not all required forms have been completed. Please go to Report Navigation (located on the left) and complete the incomplete form(s). They are the ones that are marked by these icons: [Form Not Started] [Form Started]'. On the left side, there is a 'Tools' section with links for 'Validate/Submit Report', 'PDF Print', and 'Grantee Information'. Below that is a 'Report Status: In Progress' indicator. The 'Report Navigation' section lists eight items, each with a checkbox and a status icon: 1. Grantee Contact (checked, Form Started), 2. Type of Grant and Updates (Part A: Section 1) (checked, Form Started), 3. Part A: Updates (Section 2) (checked, Form Started), 4. Measures (Accomplishments) (checked, Form Started), 5. Part C: Software (checked, Form Started), 6. Part D: Contingency Planning (checked, Form Started), 7. Part E: Evaluation (Section 1) (checked, Form Not Started), and 8. Part E: Evaluation (Section 2) (checked, Form Not Started). An 'Icon Legend' at the bottom left defines the icons: a blue square for 'Form Not Started', a yellow square for 'Form Started', and a green square for 'Form Completed'.

### 1.6.3 Successful Validation

If the report is successfully validated (this happens only when all forms are completed and cross validated) a report submission screen is brought up giving grantee the option to submit the report.

Click "Cancel" to not submit the validated report.

### 1.7.3 Select "Progress Reports"

The screenshot shows the HRSA Electronic Handbooks for Applicants/Grantee interface. The header includes the HRSA logo, the text "U.S. Department of Health and Human Services", "HRSA Electronic Handbooks for Applicants/Grantee", and "MINER'S COLFAX MEDICAL CENTER, Raton, NM". A user is logged in as "Kandace Kay Evans" with a last login date of 5/6/2008 at 10:58:00 AM. The left sidebar contains a "Grant Menu" with several categories: "View Awards", "Administer", "Submissions", and "Logout". The "Submissions" category is expanded, and "Progress Reports" is highlighted with an orange circle. The main content area shows a "Contact Us" section with phone, time, and email information. Below that, a section titled "WHAT WOULD YOU LIKE TO DO TODAY?" lists several actions, including "View Grant Information" and "Administer Grant Handbook".

### 1.7.4 Search on Progress Reports

Run a Search on Progress Reports by clicking the "Search" button

The screenshot shows the HRSA Electronic Handbooks for Applicants/Grantee interface for Birmingham Health Care, Inc., Birmingham, AL. A user is logged in as "Jimmy Lacey" with a last login date of 1/6/2011 at 2:50:00 PM. The left sidebar contains a "Grant Menu" with several categories: "View Awards", "Approved Scope", "Administer", "Change Grant", and "Submissions". The "Submissions" category is expanded, and "Progress Reports" is highlighted. The main content area shows a "Progress Reports" section with a "Search" button highlighted in orange. Below the search button, there is a section titled "PROGRESS REPORT" with "Input Parameters: (Show Parameters)" and a message stating "No records were found matching the search criteria listed above. Click on the 'Search' button to refine the criteria."

## 1.7.5 Search Criteria

Select “Submitted” status on the Schedule status search parameter and click “Search button”

The screenshot displays the HRSA Electronic Handbooks for Applicants/Grantee interface. The header includes the HRSA logo, the text "U.S. Department of Health and Human Services", and "HRSA Electronic Handbooks for Applicants/Grantee". The user is identified as "Birmingham Health Care, Inc., Birmingham, AL". A welcome message for Jimmy Lacey is shown, along with a "Progress Reports" section containing links for home, logout, contact us, glossary, help, and questions/comments. Below this is a "Grant Menu" sidebar with categories like Overview, View Awards, Approved Scope, Administer, Change Grant, Submissions, and Return Home. The main content area is titled "PROGRESS REPORT" and contains a "Search Parameters" form. The form includes fields for "Schedule Status" (with "Submitted" selected), "Submission Due Date" (with "From" and "To" date pickers), "Submission Coming up within (days)" (set to "All"), "Reporting Cycle" (with "Budget Period" selected), and "Results per Page" (set to "10"). A "Search" button is located at the bottom right of the form, circled in orange.

Health Center Controlled Networks  
**Performance Improvement and Measurement System**

[Instructions](#) | [Contact Us](#) | [Sign Out](#)

**Grantee:** Southbridge Medical Advisory Council, Inc. | **Grant Number:** H2KIT08592 | **Grant Type:** EHR Implementation Grant  
**Current Report Period:** 3/1/2008 - 3/31/2008 | **Report Due Date:** 12/13/2009

**Welcome to Performance Improvement and Measurement System**

Welcome to the Health Center Controlled Network Health Information Technology (HIT) Grantee Reporting System

The Office of Health Information Technology provides grant funding to support Health Center Controlled Networks to use HIT as a tool to improve both the quality of health care provided in health centers as well as individual and population health. OHIT hopes to use the information derived from these grantee projects with an active quality improvement program to provide evidence of the use of data and HIT to improve care and to demonstrate the value and effectiveness of health centers in the marketplace. There will be four reporting periods each year (due dates: October 1st, January 1st, April 1st, and July 1st).

Black Lung Clinics Program  
Performance Improvement and Measurement System  
[Instructions](#) | [Contact Us](#) | [Sign Out](#)

Grantee: WV Dept. of Health & Human Resources  
Current Report Period: 1/1/2008 - 12/31/2008 | Report Due Date: 12/31/2009

## Welcome to Performance Improvement and Measurement System

As required by the Government Performance and Review Act (1993), all federal agencies must develop strategic plans, describing their overall goals and objectives. These "GPRA" Plans must provide annual performance reports containing quantifiable measures of each program's progress in meeting the stated goals and objectives.

The performance measures developed by the Office of Rural Health and Policy (ORHP) with its grantees will fulfill GPRA requirements to report to Congress on the impact of ORHP's grant programs. Moreover, ORHP hopes to use the data from PIMS to assess the impact that ORHP programs have on rural communities and to enhance ongoing quality improvement. ORHP has incorporated these performance measures as a requirement for all ORHP grant programs in order to achieve the stated objectives.

Thank you for taking the time to document your program's data in PIMS. We welcome your comments and should you have any questions, please contact the [HRSA Call Center](#).

**The report you are trying to open has been archived for the selected period. You may view it as PDF by clicking the link or button below**

[ViewPrintPDF](#)

For technical help please call HRSA Call Center 1-877-Go4-HRSA (1-877-464-4772) or email [CallCenter@hrsa.gov](mailto:CallCenter@hrsa.gov)

Copyright © HRSA. All Rights Reserved.

Click the "ViewPrintPDF" link to open the PDF format for the archived report.

## 1.8 View Report for another Collection Period while on current Period.

At anytime while working on report (regardless of what is being actually done) grantee user can choose to view the same report for any other available Collection Period by selecting that period from the Data Collection Period dropdown under Tools menu.

The system then displays a PDF format of the report for the period selected in a popup screen (regardless of the status of the selected Collection Period)

## 1.9 Save Report on Local Machine/ Print PDF

At any time Grantees can generate a PDF version of their report by clicking “PDF Print” link from Tools menu.

From the Adobe “File” menu select “Save a copy”

The screenshot displays the HRSA Performance Improvement and Measurement System interface. The main header identifies the grantee as BLACKSTONE VALLEY COMMUNITY HEALTH CARE, with Grant Number H2LIT16862 and Grant Type HIT Innovation Grant. The current report period is 12/1/2009 - 2/3/2010, with a report due date of 12/1/2010.

The 'Tools' menu is open, showing options: 'Validate/Submit Report', 'PDF Print' (highlighted with a red circle), and 'Grantee Information'. Below the menu is a 'Display Report For Period' dropdown and a 'Report Status: In Progress' indicator.

The 'Report Navigation' section on the left lists eight sections, all of which are checked. An 'Icon Legend' at the bottom left indicates that a blue icon represents a 'Form Completed'.

The main content area displays the 'Health Center Controlled Networks (HCCN)' report. It includes the following information:

- Grant: H2LIT16862
- Start Date: 12/1/2009
- End Date: 2/3/2010
- Report Date: 12/1/2010
- Grant Type: HIT Innovation Grant
- Organization: BLACKSTONE VALLEY COMMUNITY HEALTH CARE.

The 'Grantee Contact' section contains a table with the following data:

	Grantee of Record	Network
Organization Name	BLACKSTONE VALLEY COMMUNITY HEALTH CARE.	eCHC
Contact Name	Raymond Lavoie	Raymond Lavoie
Contact Title		President
Address	42 Park Pl Pawtucket, RI 02860	36 Park Place Pawtucket, RI 02860
Phone Number	4017290080	401-729-5235
Fax Number		401-729-0438
Email Address	reitester1@hotmail.com	rlavoie@bvchc.org
Web Site		

Below the table, the 'Multi Site Grant?' field is set to 'True'. There is also a section for 'Grantee Contact Information Form Comments:' and a question 'Is Grantee Contact Information Form Complete?'.

## 1.10 Help

The HCCN PIMS Web online help can be used to assist users with creating, editing, and submitting reports.

### 1.10.1 Help on Current Page

At any step of any process click “Instructions” link at the top right of the page. A popup screen comes up with information on the active page.

The screenshot displays the HCCN PIMS web application interface. At the top, the header includes the HRS logo, the text "U.S. Department of Health and Human Services Health Center Controlled Networks Performance Improvement and Measurement System", and navigation links for "Instructions", "Contact Us", and "Sign Out". Below the header, the current grantee information is shown: "Grantee: BLACKSTONE VALLEY COMMUNITY HEALTH CARE, | Grant Number: H2LIT16862 | Grant Type: HIT Innovation Grant" and "Current Report Period: 12/1/2009 - 2/3/2010 | Report Due Date: 12/1/2010".

The main content area is titled "Grantee Contact Information" and includes a sub-header "Grantee of Record" with the value "BLACKSTONE VALLEY COMMUNITY". A "Network" section is also present, with a note "(if different from Grantee of Record)". The page contains several form fields for contact information, including "Organization Name", "Address", "City", "State", "Zip", "Phone", and "Email".

On the left side, there is a "Tools" section with links for "Validate/Submit Report", "PDF Print", and "Grantee Information". Below this is a "Report Status" section showing "In Progress" and a "Report Navigation" section with a list of sections: "1. Grantee Contact", "2. Type of Grant and Updates (Part A: Section 1)", "3. Part A: Updates (Section 2)", "4. Measures (Accomplishments)", "5. Part C: Software", "6. Part D: Contingency Planning", "7. Part E: Evaluation (Section 1)", and "8. Part E: Evaluation (Section 2)". An "Icon Legend" at the bottom left explains the status icons: "Form Not Started", "Form Started", and "Form Completed".

A help popup window is overlaid on the page, titled "Network Contact Information". It contains the text: "Enter Network information if different from Grantee information. When you choose to enter Network information all fields are required. The form must then be completed in order to further Validate and Submit the report to your Project Officer. To complete the form select 'Yes' as response to 'Is this Form Complete?' field". The popup also features a search bar and a "GO" button.

## 1.10.2 Help on Other pages or topics

User can also navigate within the Help looking for information on other pages or other processes.

The screenshot displays the HRSA Performance Improvement and Measurement System interface. At the top, it identifies the user as 'Grantee: BLACKSTONE VALLEY COMMUNITY HEALTH CARE' with Grant Number H2LIT16862 and Grant Type HIT Innovation Grant. The current report period is 12/1/2009 - 2/3/2010, and the report due date is 12/1/2010.

The main content area is titled 'Grantee Contact Information'. It includes a 'Tools' section with links for 'Validate/Submit Report', 'PDF Print', and 'Grantee Information'. Below this is a 'Display Report For Period' dropdown menu and a 'Report Status: In Progress' indicator.

A 'Report Navigation' sidebar on the left lists sections 1 through 8, with '1. Grantee Contact' selected. An 'Icon Legend' at the bottom left explains the status icons: a blue square for 'Form Not Started', a green square for 'Form Started', and a red square for 'Form Completed'.

The main content area features a table with columns for 'Organization Name', 'Grantee of Record', and 'Network'. The 'Organization Name' is 'BLACKSTONE VALLEY COMMUNITY'. Below the table, there is a 'Part B Accomplishments' section with the following instructions:

**Part B Accomplishments**

- 1. Planning Grant**  
Describe all improvement actions taken or planned in the one field Text area provided.
- 2. Measuring the Impact of HIT in Health Outcomes.**  
Grantee may report on measures on either the network or on the community health center level. If reporting at the network level, indicate the number of health centers from within the project scope that this represents. If reporting at the health center level, list the names of health centers where measures were collected.
- 3. Required measures**  
At least three measures are required in this section in order to submit the report as complete. If the child immunization and diabetes measures do not apply as required to your grant then enter a N/A as a value to submit.
- 4. Any other Accomplishment**

The interface also includes a search bar, a 'Powered By RoboHelp' logo, and a 'Submitted to a Health Center' field at the bottom right.
