

Visitor Services Project — Herbert Hoover National Historic Site

Introductory script used in contacting visitors:

Hello! The National Park Service is conducting a visitor survey at Herbert Hoover National Historic Site to gather your opinions about the park's programs and services. Participation is voluntary. If you decide to participate we would like to have the survey mailed back. The mail-back questionnaire takes about 20 minutes to complete during or after your visit. Would you like to participate?

IF NO: Thank you. **IF YES:** Thank you. I have a few quick questions for you. Who in your group (at least 16 years old) has the next birthday?

Questions 1-4: Topic area 2—Trip/visit characteristics Question 5: Topic area 1—Individual Characteristics

- 1) What type of group are you traveling with today?
- 2) (If with an organized group-tours, school, etc.) How many people are in your group?
- 3) How many adults, 18 years and older, are in your personal group?
- 4) How many children, 17 years and younger, are in your personal group?
- 5) How old is the person who will complete the questionnaire?

So we can thank you and remind you to mail back the questionnaire, please write your name, address, and email address/phone number. Thank you. Be sure to mail the questionnaire—your opinions are important!

Training for interviewers: each interviewer receives 1-1/2 hours of training on how to conduct interviews. This training goes over every aspect of interviewing, including conducting the interviews using a sampling interval, avoiding sampling bias, and how to handle all types of interviewing situations, including safety of the visitor and the interviewer. Quality control is ensured by monitoring interviewers in the field, and by checking their paperwork at the end of each day of surveying.
