The Wilderness Act of 1964 allows Congress to preserve certain federal lands in their wilderness condition. Congress has designated hundreds of wilderness areas to protect wildlife, scenery, water, and recreation opportunities, and to keep these areas wild and natural. Most of the northern part of Cumberland Island was designated as a wilderness area by Congress, with the exceptions of the Main Road, Plum Orchard, and the High Point – Half Moon Bluff Historic District. The following questions pertain to the wilderness area on Cumberland Island National Seashore. A map showing the wilderness area boundaries on Cumberland Island is included with this survey. You were selected to take this survey because you recently paid a backcountry camping fee to camp at the Hickory Hill, Yankee Paradise, or Brickhill Bluff camping sites.
