OMB #1513-0020

Application for and Certification/Exemption of Label/Bottle Approval  
TTB F 5100.31

Final rule 27 CFR Parts 1, 17, 19, et al., *Revision of distilled Spirits Plant Regulations*, was published in the *Federal Register* on February 16, 2011, at 75 FR 9080, in which it modernizes the requirements for operating distilled spirits plants and includes a number of operational changes to improve the layout of the regulatory text. These changes make the regulations easier to apply, thereby facilitating compliance by distilled spirits plants proprietors and allowing these proprietors to operate in a more efficient manner. The revision also incorporates plain language principles in order to improve the clarity and readability of the regulatory text.

This non-material/non-substantive change request is being made to include the final rule with the associated information collection in order to identify the current prescribing regulation section(s). This rule does not impact the burden currently approved under #1513-0020.
