

**Supporting Statement  
Haiti HOPE Act  
1651-0129**

**A. Justification**

- 1. Explain the circumstances that make the collection of information necessary. Identify any legal or administrative requirements that necessitate the collection. Attach a copy of the appropriate section of each statute and regulation mandating or authorizing the collection of information.**

Title V of the Tax Relief and Health Care Act of 2006 amended the Caribbean Basin Economic Recovery Act (CBERA 19 U.S.C. 2701-2707) and authorized the President to extend additional trade benefits to Haiti. This trade program, the Haitian Hemispheric Opportunity through Partnership Encouragement Act of 2006 ("Haiti HOPE Act"), provides for duty-free treatment for certain apparel articles and certain wire harness automotive components from Haiti.

Those wishing to claim duty-free treatment under this program must prepare a declaration of compliance which identifies and details the costs of the beneficiary components of production and non-beneficiary components of production to show that the 50% value content requirement was satisfied. The information collected under the Haiti Hope Act is provided for in 19 CFR 10.848.

This collection of information applies to the importing and trade community who are familiar with import procedures and with the CBP regulations.

- 2. Indicate how, by whom, and for what purpose the information is to be used. Except for a new collection, indicate the actual use the agency has made of the information received from the current collection.**

The information collected for the Haiti HOPE Act is used by CBP to verify claims for reduced or duty-free treatment under this program.

- 3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden.**

The number of claims under this program is too small for CBP to devote resources for an automated system.

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

This information is not duplicated in any other place or any other form.

- 5. If the collection of information impacts small businesses or other small entities, describe any methods used to minimize burden.**

This information collection does not have an impact on small businesses or other small entities.

- 6. Describe consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently.**

If this information was not collected, CBP would not be able to ensure that duty-free or reduced-duty treatment is provided on imported goods under the Act.

- 7. Explain any special circumstances that would cause an information collection to be conducted in a manner:**

- requiring respondents to report information to the agency more often than quarterly;
- requiring respondents to prepare a written response to a collection of information in fewer than 30 days after receipt of it;
- requiring respondents to submit more than an original and two copies of any document;
- requiring respondents to retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years;
- in connection with a statistical survey, that is not designed to produce valid and reliable results that can be generalized to the universe of study;
- requiring the use of statistical data classification that has not been reviewed and approved by OMB;
- that includes a pledge of confidentiality that is not supported by authority established in statute or regulation, that is not supported by disclosure and data security policies that are consistent with the pledge, or which unnecessarily impedes sharing of data with other agencies for compatible confidential use; or
- requiring respondents to submit proprietary trade secrets, or other confidential information unless the agency can demonstrate that it has instituted procedures to protect the information's confidentiality to the extent permitted by law.

This information is collected in a manner consistent with the guidelines of 5 CFR 1320.5(d)(2).

8. If applicable, provide a copy and identify the date and page number of publication in the Federal Register of the agency's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the agency in response to these comments. Specifically address comments received on cost and hour burden.

Public comments were solicited through a 60-day Federal Register notice published on November 3, 2010 (Volume 75, Page 67753), no comments were received, and a 30-day Federal Register notice published on January 3, 2011 (Volume 76, Page 163) on which no comments have been received.

9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.

There is no offer of a monetary or material value for this information collection.

10. Describe any assurance of confidentiality provided to respondents and the basis for the assurance in statute, regulation, or agency policy.

There is no PII related to this information collection.

11. Provide additional justification for any questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private. This justification should include the reasons why the agency considers the questions necessary, the specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.

There are no questions of a sensitive nature.

12. Provide estimates of the hour burden of the collection of information.

INFORMATION COLLECTION	TOTAL ANNUAL BURDEN HOURS	NO. OF RESPONDENTS	NO. OF RESPONSES PER RESPONDENT	TOTAL RESPONSES	TIME PER RESPONSE
Haiti HOPE Declaration	67	12	17	204	20 minutes (.33 hours)

**Public Cost**

The estimated cost to the respondents is \$1,340. This is based on the estimated burden hours (67) multiplied (x) hourly rate (\$20.00).

- 13. Provide an estimate of the total annual cost burden to respondents or record keepers resulting from the collection of information.**

There are no record keeping, capital, start-up or maintenance costs associated with this information collection.

- 14. Provide estimates of annualized cost to the Federal Government. Also provide a description of the method used to estimate cost, which should include quantification of hours, operational expenses (such as equipment overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information.**

The estimated annual cost to the Federal Government associated with the review of these records is **\$1,428**. This is based on the number of responses (204) that must be reviewed (x) the time to review and process each response (.166 hours) = 34 hours (x) the average hourly rate (\$42.00) = \$1,428.

- 15. Explain the reasons for any program changes or adjustments reported in Items 12 or 13.**

CBP decreased the burden hours based on the number of claims filed under this program in 2009. There are no changes to the information collected.

- 16. For collection of information whose results will be published, outline plans for tabulation, and publication.**

This information collection will not be published for statistical purposes.

- 17. If seeking approval to not display the expiration date, explain the reasons that displaying the expiration date would be inappropriate.**

There is no form involved with this information collection so it would not be appropriate to display the expiration date.

- 18. "Certification for Paperwork Reduction Act Submissions."**

CBP does not request an exception to the certification of this information collection.

**B. Collection of Information Employing Statistical Methods**

No statistical methods were employed.
