

OMB for review, call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: HRSA AIDS Drug Assistance Program Quarterly Report—(OMB No. 0915-0294): Extension

HRSA’s AIDS Drug Assistance Program (ADAP) is funded through Part B of Title XXVI of the Public Health Service Act, as amended by the Ryan White HIV/AIDS Treatment Extension Act of 2009 (The Ryan White HIV/AIDS Program), which provides grants to states and territories. ADAP provides

medications for the treatment of HIV disease. Program funds may also be used to purchase health insurance for eligible clients or for services that enhance access, adherence, and monitoring of drug treatments.

Each of the 50 states, the District of Columbia, Puerto Rico, and several territories receive ADAP grants. As part of the funding requirements, ADAP Grantees submit quarterly reports that include information on patients served, pharmaceuticals prescribed, pricing, sources of support to provide AIDS medication treatment, eligibility requirements, cost data, and coordination with Medicaid. Each quarterly report requests updates from

programs on the number of patients served, type of pharmaceuticals prescribed, and prices paid to provide medication. The first quarterly report of each ADAP fiscal year (due in July of each year) also requests information that only changes annually (e.g., state funding, drug formulary, eligibility criteria for enrollment, and cost-saving strategies including coordination with Medicaid).

The quarterly report represents the best method for HRSA to determine how ADAP Grants are expended and to provide answers to requests from Congress and other organizations.

The estimated annual burden is as follows:

Form	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
1st Quarterly Report	57	1	57	3	171
2nd, 3rd, & 4th Quarterly Reports	57	3	171	1.5	256.5
Total	57	228	427.5

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this **Federal Register** Notice to the desk officer for HRSA, either by e-mail to OIRA_submission@omb.eop.gov or by fax to 202-395-6974. Please direct all correspondence to the “attention of the desk officer for HRSA.”

Dated: January 19, 2011.

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency’s estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological

collection techniques or other forms of information technology.

Information Collection Requirement

Title: Air Cargo Security Requirements.

Type of Request: Renewal of one currently approved Information Collection Request (ICR).

OMB Control Number: 1652-0040.

Form(s): Aviation Security Known Shipper Verification Form, Aircraft Operator or Air Carrier Reporting Template, Security Threat Assessment Application, Aviation Security Known Shipper Verification Form.

Affected Public: The collections of information that make up this ICR involve regulated entities including airports, passenger aircraft operators, foreign air carriers, indirect air carriers operating under a security program, and all-cargo carriers.

Abstract: TSA is seeking renewal of an expiring collection of information. Congress set forth in the Aviation and Transportation Security Act (ATSA), Public Law 107-71, two specific requirements for TSA in the area of air cargo security: (1) To provide for screening of all property, including U.S. mail, cargo, carry-on and checked baggage, and other articles, that will be carried aboard a passenger aircraft; and (2) to establish a system to screen, inspect, report, or otherwise ensure the security of all cargo that is to be transported in all-cargo aircraft as soon as practicable. TSA must proceed with the ICR for this program in order to meet the Congressional mandates and current regulations (49 CFR 1542.209, 1544.205, 1546.205, and part 1548) that enable them to accept, screen, and transport air cargo. The uninterrupted collection of this information will allow TSA to continue to ensure implementation of these vital security measures for the protection of the traveling public.

This information collection requires the "regulated entities," who may include passenger and all-cargo aircraft operators, foreign air carriers, and indirect air carriers (IACs), to implement a standard security program or to submit modifications to TSA for approval, and update such programs as necessary. The regulated entities must also collect personal information and submit such information to TSA so that TSA may conduct security threat assessments (STA) for individuals with unescorted access to cargo, and any individual who has responsibility for screening cargo under 49 CFR parts 1544, 1546, or 1548. Aircraft operators and foreign air carriers must report the volume of accepted and screened cargo transported on passenger aircraft.

Further, TSA will collect identifying information for both companies and individuals whom aircraft operators, foreign air carriers, and IACs have qualified to ship cargo on passenger aircraft. This information is primarily collected electronically via the Known Shipper Management System (KSMS). Whenever the information cannot be entered into KSMS, the regulated entity must conduct a physical visit of the shipper using the Aviation Security Known Shipper Verification Form and subsequently enter that information into KSMS. These regulated entities must also maintain records pertaining to security programs, training, and compliance.

Number of Respondents: 4,890.

Estimated Annual Burden Hours: An estimated 73,567 hours.

Issued in Arlington, Virginia, on January 18, 2011.

Joanna Johnson,

Paperwork Reduction Act Officer, Office of Information Technology.
