

The Consolidated Air Rule (CAR) for the Synthetic Organic Chemical Manufacturing Industry (SOCMI)

OMB Control Number 2060-0443

EPA ICR Number 1854.08

Justification for Nomaterial or nonsubstantive change to a currently approved collection

When OMB approved ICR 2060-0599, they issued the following Terms of Clearance.

“Before this ICR is renewed, the burden hours should be incorporated into ICR 2060-0443, and a nonsubstantive change filed to indicate that the two ICRs (2060-0599 and 2060-0443) are being consolidated into one ICR.”

This change worksheet is being submitted to transfer the burden associated with 2060-0599 (6 responses, 6 hours, no costs) to 2060-0443.
