

Motor Vehicle Emissions and Fuel Economy Compliance: Light Duty Vehicles, Light Duty Trucks, and Highway Motorcycles (Change Worksheet)

EPA ICR No. 0783.58, OMB Control Number 2060-0104

Justification for Change Worksheet

This change worksheet is being submitted to transfer burden from 2060-0644, Certification and In-Use Testing of Motor Vehicles: Revisions to Reduce Emissions of Greenhouse Gases (Final Rule) (EPA ICR Number ICR No. 2387.01). The ICR for the proposed rule was approved under this series (2060-0104); however, when the ICR for the final rule was being submitted there was another package pending, which prevented us from submitting the ICR for the final rule. The ICR for the final rule was instead submitted to OMB under 2060-0644. Once this change worksheet is approved, 2060-0644 will be discontinued.
