For further information, see the Glossary entry for “offsetting.”

SCHEDULE Q – ASSETS AND LIABILITIES MEASURED AT FAIR VALUE ON A RECURRING BASIS

General Instructions

Schedule Q is to be completed by branches and agencies that:

- (1) Reported total assets of \$500 million or more as of the preceding December 31; or
- (2) Reported total assets of less than \$500 million as of the preceding December 31 and either:
 - (a) Have elected to report financial instruments or servicing assets and liabilities at fair value under a fair value option with changes in fair value recognized in earnings, or
 - (b) Reported trading assets of \$2 million or more in any of the four preceding calendar quarters.

Report all assets and liabilities that are measured at fair value in the financial statements on a recurring basis (i.e., annually or more frequently).

Column Instructions

Column A, Total Fair Value Reported on Schedule RAL

Report in Column A the total fair value, as defined by FASB Statement No. 157, “Fair Value Measurements” (FAS 157), of those assets and liabilities reported in Column A on Schedule RAL, Assets and Liabilities, that the institution reports at fair value on a recurring basis.

Columns B through E, Fair Value Measurements and Netting Adjustments

For items reported in Column A, report in Columns C, D, and E the fair value amounts which fall in their entirety in Levels 1, 2, and 3, respectively. The level in the fair value hierarchy within which a fair value measurement in its entirety falls should be determined based on the lowest level input that is significant to the fair value measurement in its entirety. Thus, for example, if the fair value of an asset or liability has elements of both Level 2 and Level 3 measurement inputs, report the entire fair value of the asset or liability in Column D or Column E based on the lowest level measurement input with the most significance to the fair value of the asset or liability in its entirety as described in FAS 157. For assets and liabilities that the institution has netted under legally enforceable master netting agreements in accordance with FASB Interpretation No. 39, “Offsetting of Amounts Related to Certain Contracts,” or FASB Interpretation No. 41, “Offsetting of Amounts Related to Certain Repurchase and Reverse Repurchase Agreements,” report the gross amounts in Columns C, D, and E and the related netting adjustment in Column B. For more information on Level 1, 2, and 3 measurement inputs, see the Glossary entry for “fair value.”
