

Attachment S: 2011 Pretest-Physician Induction Interview Form

For the 2011 pretest, the 2011 NAMCS physician induction interview form (**Attachment F**) will be used as a survey template for all sampled physicians/CHC providers. The proposed complementary and alternative medicine (CAM) questions highlighted below will be added to the form for the pretest. It is estimated that the addition of the CAM questions will not change the currently approved burden of 35 minutes for the 2011 physician induction interview form used in this pretest.

Question	Response Category
<p>During the past 12 months, did you use any of the following therapies with your patients?</p> <ol style="list-style-type: none"> 1. Nonvitamin, nonmineral, dietary supplements 2. Meditation 3.
