**State-chartered banks in the following states or territories should contact their appropriate state regulator directly for submission instructions:** Delaware, Maryland, Minnesota, Montana, New Mexico, Oklahoma, South Dakota, Guam, and Puerto Rico.

### **Submission Date**

A bank's completed Initial Supplemental Report must be filed with the federal bank supervisory authorities and Treasury within five business days prior to the closing date. The Call Report used to pull data should be from the second preceding quarter. For example, if the submission date is May 1, use the Call Report from December 31 of the previous year.

### **RETENTION OF REPORTS**

In general, a bank should maintain in its files a signed and attested record of its completed Initial Supplemental Report, including any amended reports, for five years after the report date, unless any applicable state requirements mandate a longer retention period.

### **MISCELLANEOUS GENERAL INSTRUCTIONS**

#### **Rounding**

All dollar amounts must be reported in thousands with the figures rounded to the nearest thousand. Items less than \$500 must be reported as zero.

#### **Verification**

All fields must be completed. All addition and subtraction should be double-checked before reports are submitted. Totals and subtotals in supporting materials should be cross-checked to corresponding items elsewhere in the reports.

### **RELEASE OF INDIVIDUAL BANK REPORTS**

All sections of the Initial Supplemental Report submitted by each reporting bank may be made available to the public by the federal bank supervisory agencies or Treasury.
