SECTION IA – ADDITIONAL APPLICANT INFORMATION

All applicants must answer each question in this section. Applicants cannot obtain Operating Authority unless registered with the Mexican Government's Secretaria de Comunicaciones y Transportes (SCT). Therefore, if the applicant is in the process of obtaining an SCT registration, indicate the date that the applicant applied. When the applicant receives its SCT registration, the applicant must supplement this OP-1(MX) application with that information, including its RFC Number (Registro Federal de Contribuyente if the applicant is a company. Registro Federal de Causante if applicant is an individual), before the FMCSA will issue Operating Authority. If the applicant currently holds a valid Certificate of Registration and is applying to operate beyond the U.S.-Mexico border area as required by 49 CFR 365.505, the SCT Registration information, including the RFC Number, is also required. The FMCSA will not suspend an existing Certificate of Registration while an applicant is applying for SCT registration.

SPECIFIC INSTRUCTIONS FOR COMPLETING EACH SECTION OF THE APPLICATION FORM

SECTION II - AFFILIATIONS INFORMATION

All applicants must disclose pertinent information concerning any relationships or affiliations which the applicant has had with other entities registered with FMCSA or its predecessor agencies. Applicant must indicate whether these entities have been disqualified from operating commercial motor vehicles anywhere in the United States pursuant to Section 219 of the Motor Carrier Safety Improvement Act of 1999.

SECTION III – TYPE (S) OF REGISTRATION REQUESTED

Check the appropriate box(es) for the type(s) of registration the applicant is requesting. For purposes of this application, a motor private carrier is an entity that is transporting its own goods, including an entity that is not a for-hire carrier but is providing interstate transportation under an agreement or contract with a shipper or other business.

A separate filing fee is required for each type of registration requested.

SECTION IV - INSURANCE INFORMATION

Check the appropriate box(es) that describes the type(s) of business the applicant will be conducting.

If the applicant is applying for motor passenger carrier registration, check the box that describes the seating capacity of its vehicles. If all the vehicles the applicant operates have a seating capacity of 15 passengers or fewer, the applicant must maintain \$1,500,000 minimum liability coverage. If any one of the vehicles the applicant operates has a seating capacity of 16 passengers or more, the applicant must maintain \$5,000,000 minimum liability coverage.

If the applicant is applying for motor property carrier registration and it operates vehicles with a gross vehicle weight rating of 10,000 pounds or more and hauls only non-hazardous materials, the applicant must maintain \$750,000 minimum liability coverage for the protection of the public. Hazardous materials referred to in the FMCSA's insurance regulations in item (c) of the table at 49 CFR 387.303 (b)(2) require \$1 million minimum liability coverage; those in item (b) of the table at 49 CFR 387.303 (b)(2) require \$5 million minimum liability coverage.

If the applicant operates only vehicles with a gross vehicle weight rating less than 10,000 pounds, the applicant must maintain \$300,000 minimum liability coverage. If the applicant operates only such vehicles but will be

transporting any quantity of Division 1.1, 1.2 or 1.3 explosives; any quantity of poison gas (Division 2.3, Hazard Zone A, or Division 6.1, Packing Group 1, Hazard Zone A materials); or highway route controlled quantity of radioactive materials, the applicant must maintain \$5 million minimum liability coverage.

Minimum levels of cargo insurance must be maintained by all motor common carriers in the amount of \$5,000 for loss of or damage to property carried on any one motor vehicle, and \$10,000 for loss of or damage to property occurring at any one time and place.

Applicant does not have to submit evidence of insurance with the application. However, applicant will be required to present acceptable evidence of necessary insurance coverage to the FMCSA as part of a pre-authorization safety audit. Appropriate insurance forms must be filed within **90 days** after the date that notice of the application is published in the *DOT/FMCSA Register*. Form BMC-91 or BMC-91X for bodily injury and property damage; Form BMC-34 for cargo liability (common property carriers only).

The FMCSA does not furnish copies of insurance forms. The applicant must contact its insurance company to arrange for the filing of all required insurance forms.

If an application is granted by the FMCSA and an MX number is issued, operating authority is still not effective and operations under that authority may not begin unless an insurance filing has been made with and accepted by the FMCSA as required under 49 CFR 387.301. A current DOT Form MCS-90 and evidence of continuing insurance coverage must also be on each of the applicant's vehicles when it crosses the border. This policy also applies to Mexico-domiciled motor private carriers and exempt carriers registering to operate within the United States beyond the border area.

SECTION V - SAFETY CERTIFICATIONS

Applicants for motor carrier registration must complete the safety certifications. The applicant should check the "YES" response only if the applicant can attest to the truth of the statements. The carrier official's signature at the end of this section applies to the Safety Certifications. The "Applicant's Oath" at the end of the application form applies to all certifications. False certifications are subject to the penalties described in that oath.

SPECIFIC INSTRUCTIONS FOR COMPLETING EACH SECTION OF THE APPLICATION FORM

If the applicant is exempt from the U.S. DOT safety fitness regulations because it operates only vehicles with a gross vehicle weight rating under 10,001 pounds, and it will not transport any hazardous materials, the applicant must certify that it is familiar with and will observe general operational safety fitness guidelines and applicable State, local and tribal laws relating to the safe operation of commercial vehicles.

Applicants should complete all applicable Attachment pages and, if necessary to complete the responses, attach additional pages identifying the applicant on each supplemental page and referring to the section and item number in the application for each response. If the applicant is exempt from the U.S. DOT safety fitness regulations, the applicant must complete all relevant attachment pages to demonstrate the applicant's willingness and ability to comply with general operational safety fitness guidelines and applicable State, local and tribal laws.

SECTION VI - HOUSEHOLD GOODS ARBITRATION CERTIFICATIONS

Applicants for household goods registration as defined in 49 U.S.C. 13102(10) must certify their agreement to offer arbitration as a means of settling loss and damage claims as a condition of registration. The signature should be that of the same company official who completes the Applicant's Oath.

SECTION VII - SCOPE OF OPERATING REGISTRATION SOUGHT

Applicant must indicate, by checking one or more boxes, the description(s) of the registration(s) for which application is being made.

SECTION VIII - COMPLIANCE CERTIFICATIONS

All applicants are required to certify accurately to their willingness and ability to comply with statutory and regulatory requirements, to their tax payment status, and to their understanding that their agent for service of process is their official representative in the U.S. to receive filings and notices in connection with enforcement of any Federal statutes and regulations.

Applicants are required to certify their willingness to produce records for the purpose of determining compliance with the applicable safety regulations of the FMCSA.

Applicants are required to certify that they are not now disqualified from operating a commercial motor vehicle in the U.S. pursuant to the Motor Carrier Safety Improvement Act of 1999.

SPECIFIC INSTRUCTIONS FOR COMPLETING EACH SECTION OF THE APPLICATION FORM

Applicants are required to certify that they are not now prohibited from filing an application because a previously granted FMCSA registration is currently under suspension or was revoked less than 30 days before the filing of this application.

SECTION IX - APPLICANT'S OATH

The applicant or an authorized representative may prepare applications. In either case, the applicant must sign the oath and all safety certifications. (For information on who may sign, see "General Instructions for Completing the Application Form" in the instructions for this application.)

LEGAL PROCESS AGENTS

All motor carrier applicants must designate a process agent in each State where operations are conducted. For example, if the applicant will operate only in California and Arizona, it must designate an agent in each of those States; if the applicant will operate in only one State, an agent must be designated for that State only. Process agents who will accept filings and notices on behalf of the applicant are designated on FMCSA Form BOC-3. Form BOC-3 must be filed with the application, unless the applicant uses a Process Agent Service. If the applicant opts to use a Process Agent Service, it must submit a letter with the application informing the FMCSA of this decision and have the Process Agent Service electronically file the BOC-3 with FMCSA within 90 days after the applicant submits its application. **Applicants may not begin operations unless the Form BOC-3 has been filed with the FMCSA.**

STATE NOTIFICATION

Before beginning operations, all applicants must contact the appropriate regulatory agencies in every State in and through which the carrier will operate to obtain information regarding various State rules applicable to interstate registrations. It is the applicant's responsibility to comply with registration, fuel tax, and other State regulations and procedures. Please refer to the additional information provided in the application packet for further information.

MAILING INSTRUCTIONS:

To file for registration an applicant must submit an **original and one copy** of this application with the appropriate filing fee to FMCSA. **Note:** Retain a copy of the completed application form and any attachments for the applicant's records.
