

Schedule N-3 - Network Design Certification

Does the Applicant’s proposed project fall exclusively within a state or territory without an official Professional Engineer registration system?

- Yes
- No

We the undersigned, certify that the proposed broadband system will work as described in the Network Design and Network Diagram sections, and can deliver the proposed services outlined in the Service Offerings section and all premises in the proposed funded service area(s) will be offered broadband service at the broadband lending speed. Moreover, the system, as designed, can meet the proposed build-out timeline, milestones, and construction schedule based on the resources designated in the Project Capital Investment Workbook, and will be complete within three years.
