SEC. 5. [7 U.S.C. 612c note] (a) GRANTS PER ASSIGNED CASELOAD SLOT.—

(1) IN GENERAL.—In carrying out the program under section 4 (referred to in this section as the “commodity supplemental food program”), for each of fiscal years 2008 through 2012, the Secretary shall provide to each State agency from funds made available to carry out that section (including any such funds remaining available from the preceding fiscal year), a grant per assigned caseload slot for administrative costs incurred by the State agency and local agencies in the State in operating the commodity supplemental food program.

(2) AMOUNT OF GRANTS.—

(A) FISCAL YEAR 2003.—For fiscal year 2003, the amount of each grant per assigned caseload slot shall be equal to the amount of the grant per assigned caseload slot for administrative costs in 2001, adjusted by the percentage change between—

(i) the value of the State and local government price index, as published by the Bureau of Economic Analysis of the Department of Commerce, for the 12-month period ending June 30, 2001; and

(ii) the value of that index for the 12-month period ending June 30, 2002.

(B) SUBSEQUENT FISCAL YEARS.—For each of fiscal years 2004 through 2012, the amount of each grant per assigned caseload slot shall be equal to the amount of the grant per assigned caseload slot for the preceding fiscal year, adjusted by the percentage change between—

(i) the value of the State and local government price index, as published by the Bureau of Economic Analysis of the Department of Commerce, for the 12-month period ending June 30 of the second preceding fiscal year; and

(ii) the value of that index for the 12-month period ending June 30 of the preceding fiscal year.

(b) During the first three months of any commodity supplemental food program, or until such program reaches its projected caseload level, whichever comes first, the Secretary shall pay those administrative costs necessary to commence the program successfully: *Provided*, That in no event shall administrative costs paid by the Secretary for any fiscal year exceed the limitation established in subsection (a) of this section.

(c) Administrative costs for the purposes of the commodity supplemental food program shall include, but not be limited to, expenses for information and referral, operation, monitoring, nutrition education, start-up costs, and general administration, including staff, warehouse and transportation personnel, insurance, and administration of the State or local office.

(d)(1) During each fiscal year the commodity supplemental food program is in operation, the types and varieties of commodities and their proportional amounts shall be determined by the Secretary,

but, if the Secretary proposes to make any significant changes in the types, varieties, or proportional amounts from those that were available or were planned at the beginning of the fiscal year (or as were available during the fiscal year ending June 30, 1976, whichever is greater) the Secretary shall report such changes before implementation to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

(2) Notwithstanding any other provision of law, the Commodity Credit Corporation shall, to the extent that the Commodity Credit Corporation inventory levels permit, provide not less than 9,000,000 pounds of cheese and not less than 4,000,000 pounds of nonfat dry milk in each of fiscal years 2008 through 2012 to the Secretary of Agriculture. The Secretary shall use such amounts of cheese and nonfat dry milk to carry out the commodity supplemental food program before the end of each fiscal year.

(e) The Secretary of Agriculture is authorized to issue such regulations as may be necessary to carry out the commodity supplemental food program.

(f) The Secretary shall, in any fiscal year, approve applications of additional sites for the program, including sites that serve only elderly persons, in areas in which the program currently does not operate to the full extent that this can be done within the appropriations available for the program for the fiscal year and without reducing actual participation levels (including participation of elderly persons under subsection (g)) in areas in which the program is in effect.

(g) PROHIBITION.—Notwithstanding any other provision of law (including regulations), the Secretary may not require a State or local agency to prioritize assistance to a particular group of individuals that are—

- (1) low-income persons aged 60 and older; or
- (2) women, infants, and children.

(h) Each State agency administering a commodity supplemental food program serving women, infants, and children shall—

eligibility for the medicaid program, if the individuals are not participating in the medicaid program.

(j)(1) If the Secretary must pay a significantly higher than expected price for one or more types of commodities purchased under the commodity supplemental food program, the Secretary shall promptly determine whether the price is likely to cause the number of persons that can be served in the program in a fiscal year to decline.

(2) If the Secretary determines that such a decline would occur, the Secretary shall promptly notify the State agencies charged with operating the program of the decline and shall ensure that a State agency notify all local agencies operating the program in the State of the decline.

(k)(1) The Secretary or a designee of the Secretary shall have the authority to—

(A) determine the amount of, settle, and adjust any claim arising under the commodity supplemental food program; and

(B) waive such a claim if the Secretary determines that to do so will serve the purposes of the program.

(1) USE OF APPROVED FOOD SAFETY TECHNOLOGY.—

(1) IN GENERAL.—In acquiring commodities for distribution through a program specified in paragraph (2), the Secretary shall not prohibit the use of any technology to improve food safety that—
