WIC Peer Counseling Study Participant Survey: BASELINE

OMB Clearance Number: 0584-0548

Expiration Date: xx/xx/20xx

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-0548. The time required to complete this information collection is estimated to average 20 minutes per response. If you have any comments concerning the accuracy of time estimates or suggestions for improving this form, please contact: U. S. Department of Agriculture, Food and Nutrition Service, Office of Research & Analysis, Room 1014, Alexandria, VA 22302.

Hello, my name is [INTERVIEWER].

Thank you for taking time today to help us. I'm from Abt SRBI, and on behalf of United State Department of Agriculture, Food and Nutrition Service we are talking to women who recently signed up to receive WIC benefits and who will be having a baby soon. We are calling women to learn about their plans to feed their babies. A short time ago, someone from your WIC agency should have given you information about this study, stating that someone would be contacting you to participate in a survey.

The survey will take about 20 minutes. Your answers could help us learn how to make WIC better for mothers and their babies. Everything you tell me will be kept confidential, to the extent provided by law. We'd like to thank you by giving you a \$20 Postal Money Order when we are finished. Also, if you call a toll-free number within 2 weeks after your baby is born we will send you a \$5 gift card to [Target, Wal-Mart, OTHER NATIONAL CHAIN].

Your participation in this interview is voluntary. Your WIC benefits will not be affected if you choose not to participate. If you take part, you may refuse to answer any question. If you take part, your answers won't change any benefits you may receive from WIC or any other agency. If now is a good time for you and you are willing to participate, I'd like to begin my questions. First, do you have any questions? Are you willing to participate in this survey?
