Hello, my name is [INTERVIEWER].

Thank you for taking time today to help us. I'm from Abt SRB, and on behalf of United States Department of Agriculture, Food and Nutrition Service we are talking to new mothers about how they are feeding their babies. We also are interested in their experiences receiving services from WIC. [IF BASELINE SURVEY COMPLETED: You may recall completing the first phone survey for this study several months ago. This is the second and final survey for the study.] [IF BASELINE SURVEY NOT COMPLETED: Someone from your WIC agency should have given you information about this study, stating that we would be contacting you to participate in a survey.]

The survey will take about 20 minutes. Your answers could help us learn how to make WIC better for mothers and their babies. Everything you tell me will be kept confidential, to the extent provided by law. We'd like to thank you by giving you a \$20 Postal Money Order when we are finished.

Your participation in this survey is voluntary. Your WIC benefits will not be affected if you choose not to participate. If you take part, you may refuse to answer any question. If you take part, your answers won't change any benefits you receive from WIC. If now is a good time for you and you are willing to participate, I'd like to begin my questions. First, do you have any questions? Are you willing to participate in this survey?
