

Attachment L - "Multiracial" CENSUS FOCUS GROUP MODERATOR'S GUIDE

Thank you all for coming. My name is _____ and I am with JBS International. JBS is a research firm and this focus group is part of a project we are doing with the Census Bureau. Today, I'd like to talk with you about your thoughts on some of the forms that may be used to collect race and ethnicity data for the Census Bureau in the future.

As you know we are audio and video recording our discussion today. These recordings will help us make sure we get what you are saying right. These tapes will only be used by researchers working on this project. Observers are here this evening to see what the focus group is like and to provide feedback to us, as moderators, about what we can do to improve. Your information will be kept strictly confidential and you may choose not to answer a question if you don't want to.

I will be asking you to look over and complete some questions from the Census forms and then ask you a few questions about the forms. There are no right or wrong answers – we want all of your opinions, ideas and suggestions. We want all of you to feel comfortable and to participate so we have a set of ground rules to help us:

- 1 – Turn your cell phones and pagers off or to vibrate
- 2 – Be courteous and respectful of the other participants' opinions and ideas. Remember there are no right or wrong answers.
- 3 – Be honest and know that we really want to hear your opinions and ideas
- 4 – Speak clearly and one at a time. You don't have to raise your hand to speak.
- 5 – Actively participate because we want to hear from ALL of you.

Introduction

First, to introduce ourselves to one another, I'd like to go around the table and have everyone take a few seconds to briefly say their first name and share your favorite fun activity.

(Moderator: this can be sharing of favorite food/or something non-threatening to break the ice).

Snippet (XB)

Instructions to Participants

(Moderator: Pass out first two snippets as participants are reviewing form; hold up and/or point to the form or snippet which must be reviewed and completed and ensure participants are understanding and following instructions).

This evening I will be asking you to review a Census form (**hold up laminated form**) and complete small portions of the forms, which we are calling 'snippets' (**hold up snippets**). The form I'd like you to review, the XB, is in front of you. I would like each of you to read through this form.

Then, when you come to questions 8 and 9, please complete the snippets of questions 8 and 9 that I am passing out now. Please put your first name on the snippets. Then, on the first snippet please answer the questions for yourself.

For the other snippet, please answer the questions for one of your children. If you don't have any children, please complete the other snippet for any child living in your household. If there are no children living in your household please complete the other snippet for another adult living in your household. If you live alone, please complete only the first snippet.

For the other snippet, please write down the age and relationship of the person you are filling out the snippet for and then complete questions 5 and 6.

(Moderator: Read through the instructions about filling out the second snippet again if necessary. You can shorten the instructions for the second snippet if you read it through a second time.)

Imagine you are Person 1 and the other person is Person 2. Please complete the form to the best of your ability and let me know when you have finished.

Are there any about my instructions? If you have any questions about the snippet itself, please note them and we will have a chance to go over them in our discussion.

THEME 1: RESPONSE TO HISPANIC/RACE QUESTIONS

Questions

(Moderator: These questions will be asked of ALL participants unless otherwise noted. Ask all questions of first participant, then ask all questions of the second participant, etc.)

Please tell me how you completed the snippet for yourself for questions 8 and 9?

1. Which box or boxes did you choose?
2. Did you write an answer on any of the lines? What did you write?

Wrap up by JBS - i.e., Additional comments? Questions? Ideas? Suggestions?
