Attachment 1: SAMHSA System of Care Statewide Expansion Cooperative Agreement Coaching Impact Survey for Grantees

OMB No. 0930-0197

Expiration Date: 03/31/14

Public Burden Statement: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0930-0197. Public reporting burden for this collection of information is estimated to average 10 minutes per respondent, per year, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to SAMHSA Reports Clearance Officer, 1 Choke Cherry Road, Room 8-1099, Rockville, Maryland, 20857.

Purpose: We value your opinions, thoughts, and feedback about the coaching you are receiving from the Technical Assistance (TA) Enterprise as part of your site's System of Care Planning and/or Implementation Grant. Your answers to the following questions will help us better understand the impact of the coaching provided to your site as you work to accomplish the goals of the cooperative agreement, and they will help us plan for future grantees.

Directions: We suggest that the project director complete the survey with input from other team members to provide a comprehensive response. Please feel free to be candid in your responses. The survey should take about 15–20 minutes to complete.

Conditions of Privacy: Only individuals working specifically on continuous quality improvement (CQI) as part of the TA Enterprise will have access to your individual responses. The TA Enterprise CQI staff may aggregate and summarize your responses and send this aggregate summary of the results (not individual survey responses) to the TA Enterprise coaches.

We appreciate your time and effort providing this needed and valuable feedback.

For more information about this survey or any questions, you may contact Jeffrey Poirier at jpoirier@air.org or Joan Dodge at dodgej@georgetown.edu.
