The Notice of Proposed Rulemaking (NOPR) on ‘Demand Response Compensation in Organized Wholesale Energy Markets’ (Docket No. RM10-17) was issued 3/18/2010 requesting public comment. After nearly 3,800 pages of comments, a subsequent technical conference, and the opportunity for additional comment, FERC issued Order 745 (at <http://elibrary.ferc.gov/idmws/common/opennat.asp?fileID=12587185>) on 3/15/2011.

Links to comments, reply comments, transcripts, etc., in FERC’s eLibrary, are included in the five files in ROCIS under supplemental documents; the file names start with ‘comment’. Users may also search the entire record by going to FERC’s eLibrary at <http://www.ferc.gov/docs-filing/elibrary.asp> and searching on Docket No. RM10-17.
