

**SUPPORTING STATEMENT
FOR PAPERWORK REDUCTION ACT SUBMISSION
9000-0022, CUSTOMS AND DUTIES**

A. Justification.

1. **Administrative requirements.** United States laws impose duties on foreign supplies imported into the customs territory of the United States. Certain exemptions from these duties are available to Government agencies. These exemptions are used whenever the anticipated savings outweigh the administrative costs associated with processing required documentation. When a Government contractor purchases foreign supplies, it must notify the contracting officer to determine whether the supplies should be duty-free. In addition, all shipping documents and containers must specify certain information to assure the duty-free entry of the supplies.

2. **Uses of information.** The contracting officer analyzes the information submitted by the contractor to determine whether or not supplies should enter the country duty-free. The information, the contracting officer's determination, and the U.S. Customs forms are placed in the contract file.

3. **Consideration of information technology.** We use improved information technology to the maximum extent practicable. Where both the Government agency and contractors are capable of electronic interchange, the contractors may submit this information collection requirement electronically.

4. **Efforts to identify duplication.** This requirement is being issued under the Federal Acquisition Regulation (FAR) which has been developed to standardize Federal procurement practices and eliminate unnecessary duplication.

5. **If the collection of information impacts small businesses or other entities, describe methods used to minimize burden.** The burden applied to small businesses is the minimum consistent with applicable laws, executive orders, regulations, and prudent business practices.

6. **Describe consequence to Federal program or policy activities if the collection is not conducted or is conducted less frequently.** Collection of information on a

basis other than solicitation-by-solicitation is not practical.

7. **Special circumstances for collection.** Collection is consistent with guidelines in 5 CFR 1320.6.

8. **Efforts to consult with persons outside the agency.** Under the procedures established for development of the FAR, agency and public comments were solicited and each comment addressed before finalization of the text. A notice published in the *Federal Register* at 76 FR 22707, on April 22, 2011. No comments were received.

9. **Explanation of any decision to provide any payment or gift to respondents, other than reenumeration of contractors or guarantees.** Not applicable.

10. **Describe assurance of confidentiality provided to respondents.** This information is disclosed only to the extent consistent with prudent business practices and current regulations.

11. **Additional justification for questions of a sensitive nature.** No sensitive questions are involved.
