How did you learn about Fellows/USA?

Reasons for non-enrollment [also say something here about using the next section to elaborate]: *

- There were no programs in the academic field in which I was interested.
- There were no programs in the geographic area in which I wished to live.
- I didn't get the information in time.
- I found it difficult to get information about programs in which I was interested.
- I could not afford graduate school at that time, and the financial benefits were not sufficient.
- I enrolled in another graduate program.
- I decided to pursue other opportunities.
- I did not serve as a Peace Corps Volunteer or I did not complete my service and therefore was not eligible to participate.
- I applied to several Fellows/USA programs but was not accepted by the one I preferred.
- Other.

If applicable, please explain other reason(s) for non-enrollment.

Do you have any suggestions for improving the Fellows/USA program?
