Dear [Individuals name to be added electronically],

The Agency for Toxic Substances and Disease Registry (ATSDR) is conducting a survey to learn more about the health of those who lived or worked at Marine Corps Base Camp Lejeune or Camp Pendleton. ATSDR is a public health agency within the Centers for Disease Control and Prevention. This project is paid for by the Navy and the Marine Corps. It will begin when ATSDR sends you a health survey in about two weeks.

I am fully committed to this important project and strongly encourage you to participate.

The more surveys that are filled out and sent back, the more reliable the results of the survey will be. Your participation is essential for this project's success.

Thank you for your time and consideration.

Sincerely,

F. PANTER

Lieutenant General, USMC

Deputy Commandant

Installations and Logistics

Date

Dear [Individuals name to be added electronically],

A few weeks ago Lieutenant General Frank Panter, my Deputy Commandant for Installations and

Logistics, sent a letter informing you of an upcoming health survey from the Agency for Toxic Substances and Disease Registry (ATSDR). ATSDR is a public health agency within the Centers for Disease Control and Prevention (CDC). As you may know, ATSDR is conducting a survey to learn more about the health of those who lived or worked at Marine Corps Base Camp Lejeune or

Camp Pendleton.

Taking part in the survey is completely voluntary; however, I fully support ATSDR's work on this important project and strongly encourage you to participate. The more surveys that are filled out and returned, the more likely the results will be useful. Please read the enclosed letter from ATSDR for more details on completing the survey.

This important survey can only be successful with your help. I sincerely appreciate you taking the time to provide us with your input in this important endeavor.

Sincerely,

General, U.S. Marine Corps

Commandant of the Marine Corps
